Three Lose Gamble For U.S. Asylum

Cuban Ship From Which They Fled In Lifeboat Rammed

VIRGINIA BEACH, Va. (AP) — Three Cubans lost a wild gamble to win asylum in the United States when a 282-foot Cuban ship from which they fled in a lifeboat rammed their small craft in international waters off Virginia.

The captain of the Cuban ship messaged U.S. Coast Guardmen on the scene that the three were his crewmen and were picked up from the water. The Coast Guard said it did not see what happened to the three after the ramming incident.

Earlier the Cubans seized the ship, the 26 de Julio, but failed in an attempt to bring her into Norfolk when they could not get the anchor up, Coast Guardmen said.

A Coast Guard vessel stood by but did not interfere because the incident occurred well beyond the 3-mile limit. The ship's captain radioed later that "The trouble is settled now. We go back to Cuba."

The episode, covering 15 hours, reached its climax off the coast of Virginia Tuesday afternoon. This was the sequence of events as related by the Coast Guard:

At 2 a.m. Tuesday the Cuban ship radioed that the crew sought political asylum. She was instructed to head for Hampton Roads and the cutter Point Brown was dispatched to meet her with Master Boatswain's Mate P. W. Caviness, 43, of Silver City, N.C., in command.

Caviness said he watched the ship anchor 10 miles east-northeast of Cape Henry Tuesday morning. He said he had instructions not to board the vessel but to try to get it into inland waters—inside the U.S. territorial limit.

"But they were having trouble getting their anchor up," he related, and about 1:30 p.m. he saw three men lower a lifeboat, climb into it and start rowing away.

Rock Slides Hit Highway South Of City

Ohio Highway Department crews cleared a 200-ton rock slide from the south lane of the East Liverpool - Wellsville Rd. Tuesday night — the second large slide in two days.

Carlton Potter, superintendent of the county office, urged motorists using that section of the highway to be cautious, since further slides are anticipated as the steep face of the hillside there continues to weather.

A 300-ton slide blocked part of the highway in the same area Monday night, and crews worked for a number of hours to clear the debris.

Potters said the slate strata in the rock structure "rots," and with temperature changes and moisture, the soil and stone slip under the overhanging weight.

Crews this morning were replacing a metal barrier at the Chester side of the Chester Bridge with a heavier steel beam and resetting the flasher lights.

The barriers were placed on the bridge at a 7-foot height to keep trucks off the span on which a 2½-ton load limit has been placed due to corrosion in cable anchorages.

Water Crew To Seek Broken St. Clair Line

A city water department crew was scheduled to drill a series of small holes in the concrete pavement today, seeking to pinpoint a break in a 6-inch main on St. Clair Ave. between Park Blvd. and Armstrong Ln.

The middle lane of the three-lane highway was to be closed to traffic while the crew probed for the break, which was discovered Tuesday afternoon.

The main lies about 3½ feet below the pavement. Motorists were asked to proceed through the area with caution because of the crew working in the street and also because of the possibility of ice forming on the pavement from the leaking main.

Lottery To Insure Fairness

Kennedy Urges Draft Overhaul

WASHINGTON (AP) — Sen. Edward M. Kennedy, saying a disproportionate percentage of draftees are killed in Vietnam, proposes a complete overhaul of the Selective Service Act—including a draft lottery intended to insure maximum fairness.

The Massachusetts Democrat proposed that 19-year-olds be inducted first and called for revisions of the system of deferments for students.

His 7,000-word speech was prepared for Senate delivery today.

In another Senate speech, Sen. Clifford P. Case, R-N.J., also urged President Johnson to substitute lottery or random selection of draftees and to have younger men inducted first.

Kennedy introduced a bill containing many provisions rejected by Congress last year. They included:

—Random selection, with the specific plan to be set up by the President.

—Deferments of up to four years for students of colleges, junior and business colleges, apprentice and vocational programs.

—Discontinuance of the student postponement provision for at least a year whenever the monthly combat casualties for three consecutive months reach 10 per cent of the total number of men drafted each month. This would mean discontinuance during the Vietnam war, assuming the casualty rates there continue at the current level.

—Uniform national standards for interpretation by the 4,084 draft boards of induction laws.

"Accidents of geography should not determine who goes to war and who does not," Kennedy said.

—Discontinuance of occupational deferments except for those specified by the President.

Kennedy said that because the draft relies on compulsion, "we must be certain that its operation diminishes individual freedom and choice as little as possible."

But he said there are other important reasons for insuring that the draft is as fair as possible—including this one: Draftees comprise fewer than 2 of every 10 military men but account for 4 of 10 Army combat deaths in Vietnam.

"And as the intensity of the war increases, more and more draftees will wind up as war casualties," he said.

Case told the Senate he opposes the end of draft deferments for most college graduate students.

"The President's decision to end most graduate student deferments tackles only part of the problem," Case said.

The decision could result in discrimination against graduate students and disrupt educational institutions, said Case.

Noting that Johnson announced a year ago he would issue an executive order to draft younger eligibles first, Case said this has not been done.

Ending deferments for graduate students may result in filling all draft calls from the older youths, the New Jersey Republican said.

Peace Talks Tied Anew To Bombing

Halt To Attacks By U.S. 'Sufficient,' French Point Out

PARIS (AP) — The French government has received explicit information that an unconditional halt in American bombing of North Vietnam would be a "necessary and sufficient condition for an opening of negotiations," a government spokesman said today.

Information Minister Georges Gorse said the French government believes that failure to open negotiations increases each day the risk of seeing the war spread to other parts of the world.

He read a prepared statement after the regular weekly Cabinet meeting with President Charles de Gaulle.

The statement said:

"The declaration of U Thant according to which the unconditional cessation of American bombardments of North Vietnam would be a necessary and sufficient condition for the opening of peace negotiations corresponds to information explicitly received by the French government.

"The Cabinet considers, as does the secretary-general of the United Nations, unless such negotiations are opened, the war of destruction now being conducted in Southeast Asia will continue to spread and take on a character which threatens more every day to endanger the peace of the world."

In a statement issued in New York Saturday, Thant said "it could be reasonably assumed" that an unconditional halt in U.S. bombing of North Vietnam would be followed by "'meaningful talks...perhaps within a matter of a few days."

Thant's statement was his first public declaration after a trip to New Delhi, Moscow, London and Paris where he discussed the Vietnam war. In both New Delhi and Paris Thant met North Vietnamese diplomats.

Wheeler Bid Due For More GIs In Viet

WASHINGTON (AP) — President Johnson returned to Washington today for a White House meeting at which Chairman Earle G. Wheeler of the Joint Chiefs of Staff was expected to seek more U.S. troops for Vietnam.

Gen. Wheeler, who just visited the battle zone, was to meet at breakfast with Johnson and the President's top-level military, diplomatic and intelligence advisers. A full-scale Cabinet meeting, described as a regular session, was set for later in the day.

There wa no indication the Wheeler-Johnson conference would produce any immediate announcement that more fighting men will be sent to Vietnam. Johnson aides continued to insist, as recently as Tuesday night, that no formal request for reinforcements had been presented to the President.

However, Johnson said last week more men will be dispatched if needed. And Gen. William C. Westmoreland, the U.S. commander in Vietnam, told The Associated Press that "with additional troops, we could more effectively deny the enemy his objective, capitalize on his recent defeats to a greater degree in both time and place, and clearly demonstrate to Hanoi our firm determination to prevent him from taking over any part of South Vietnam."

Cong Keeps Bombarding Saigon Area

New U.S. Arrivals Part Of 10,500 Ordered By LBJ

SAIGON (AP) — A 4,000-man brigade from the U.S. 82nd Airborne Division has arrived in Vietnam to bolster allied forces in a war now marked by renewed jungle fighting along with continued Communist pressure around Saigon.

The U.S. Command announced today completion of the airlift of the reinforcements, including many veterans of Vietnam. They are assigned to the Americal Division, elements of which reported killing 148 of the enemy in a coastal engagement Tuesday at a cost of two dead and 14 wounded.

Viet Cong maintained pressure on Saigon overnight by bombardment of six military installations within a 25-mile arc of the capital, including a Saigon port facility.

The new arrivals, the 82nd's 3rd Brigade, are part of the 10,500 men President Johnson ordered from the United States two weeks ago in response to Gen. William C. Westmoreland's urgent request because of North Vietnamese pressure on Khe Sanh and the prospect of new Communist attacks on South Vietnam's cities and towns.

The brigade of paratroopers raised U.S. troop strength in Vietnam to an estimated 504,000, still 21,000 short of the 525,000-man ceiling now planned. But Gen. Earle G. Wheeler, the chairman of the U.S. Joint Chiefs of Staff, left Saigon Sunday with a request from Westmoreland that Johnson raise that ceiling.

Eighty per cent of the 4,000 paratroopers are veterans of at least one tour of combat duty in Vietnam. They have been assigned, at least temporarily, to the U.S. Americal Division, a grouping of infantry brigades and other units that is responsible for a 100-mile stretch of coastal lowlands south of Da Nang.

The infusion of the paratroopers into the Americal Division will free another brigade of 4,000 men from the division for duty closer to the critical northern frontier, where the U.S. Command believes it faces its strongest potential pressure, particularly at Khe Sanh. An estimated 40,000 North Vietnamese troops are menacing Khe Sanh, the big Marine fortress in the northwest corner of the country.

Area Police Weigh Proposed Information Policy

By ROBERT POPP

The Geneva Convention provides that when a soldier is made a prisoner of war, he need reveal to his captors only his name, rank and serial number.

A committee of the American Bar Association, named to set up rules on pre-trial publicity to prevent possible prejudice in the minds of the public toward defendants in criminal cases, has come up with a set of proposals that is almost as restrictive on information as the Geneva Convention.

When an individual is arrested and charged with a crime, the ABA committee's recommendations provide, the only information that would be made public would be the name, age and family status of the accused, a description of the arrest, evidence seized and the formal charge.

The recommendations are contained in the so-called Reardon Report, named for Justice Paul C. Reardon of the Massachusetts Supreme Court. He is chairman of the ABA Advisory Committee on Fair Trial and Free Press.

—:—

THE ABA APPROVED the committee's recommendations at a convention a week ago in Chicago, despite a plea from the American Society of Newspaper Editors and others in the news - information field. The ASNE asked a further study of the alleged effects of pre-trial publicity and said it had $150,000 available to finance the investigation.

The ABA recommendations still do not have the effect of law. Further court or judicial action would be necessary in each of the 50 states to make the suggestions binding. Even then, there is a good chance the rules will be tested in the courts by news media on the grounds they abridge freedom of the press.

But local law enforcement agencies can see no real bar to freedom of information, provid-

Kline Urges Hearings On Appointment

HARRISBURG (AP) — Senate Minority Leader Ernest P. Kline recommended today that the Executive Nominations Committee hold public hearings on Gov. Shafer's appointment of John K. Tabor as his new labor secretary.

"It's always been my policy to respect the governor's choice in selecting his cabinet," Kline said in an interview.

"But I would recommend that the committee conduct a public hearing to determine whether the federal Hatch Act precludes any political activity by Mr. Tabor in that office," Kline continued.

The Beaver County Democrat said he would pursue the matter with his caucus Monday when the General Assembly reconvenes.

Tabor, currently serving as Secretary of Internal affairs, is to become acting Secretary of Labor and Industry Friday when the resignation of William J. Hart becomes effective.

Tabor is to serve as acting secretary until his confirmation by two-thirds of the 50-man Senate, at which time he would report to Acting Secretary of Internal Affairs.

Kline said his primary intent was to clearly establish what political restrictions would be placed on Tabor in the new post.

Continuance Granted On City Check Charge

Acting at the request of Joseph Baronzzi of Lisbon, defense counsel, Acting Municipal Judge Robert A. Kapp today granted a continuance until next Tuesday at 9 a. m. in a hearing for a young woman accused of "forging and counterfeiting" a name on a stolen check.

The defendant is Miss Diana Auberta Branson of Elm St., named in an affidavit signed by Det. Capt. Kenneth H. Mooney. She is accused of forging the name of Birdie Hawkenberry of 314½ Market St. on a check which the owner said was stolen from her purse. A 15-year-old boy has been accused of stealing the check.

The court entered a not guilty plea for the defendant Monday and set a hearing today. The new continuance was requested by her counsel this morning.

Guidelines

(Continued from Page 1)

ed the rules are interpreted with common sense by both the press and those sworn to administer the law.

Columbiana County Prosecutor J. Warren Bettis said he believes mutual understanding between the courts and the news media on the local level is the best way of meeting the free press-fair trial problem.

Bettis said he wishes the ABA had left it that way.

—:—

HE SAID HE has no complaints about the news coverage of local crimes and criminal trials. "The papers have been fair to both the State and the defendants in my opinion."

Sheriff Russell VanFossen said the ABA guidelines, if adopted by the county Bar Association, would not change the policy of his department.

"For some time we have been giving only the essentials when arrests are made," he said. "We try to avoid going beyond this to information which might influence the outcome of the case.

Police Chief A. J. Radeschi commented that ultimate adoption of the rules "would cause no great change in the status quo in East Liverpool as it affects the police department and the news media."

"Generally speaking, many of these proposed rules have been observed here for several years," he added. "While cooperating with the press in every aspect of a case—so long as it did not hamper a pending investigation — the police department also has tried to be careful not to prejudice the rights of defendants," the chief said.

—:—

"AND I WANT to emphasize that the news media here have been cooperative," the chief said. "Our newsmen are familiar with libel laws and they also have been careful not to exceed the bounds of common sense, fair play and good taste in reporting crime news."

Radeschi added that he believes the principal center of conflict between news media and law enforcement agencies arises in large cities, where their relations are on a much more impersonal basis than in a small town.

"I'm sure that the local police department and news media can work with these new rules, if and when they become binding," the chief said. "When common sense prevails, there's seldom any reason for conflict between law enforcement agencies and those whose responsibility it is to keep the pub-

Floyd R. Tarr, Hancock County prosecutor, sees no dramatic changes in his office's procedures or that of law enforcement agencies as a result of the guidelines.

"We've been using them all along without the legislation," Tarr explained. "We have been trying to keep it strictly to a court trial and not a trial through the newspapers."

lic informed."

Solicitor J. Michael Kapp said he prefers to reserve extended comment on the proposed regulations until he has had an opportunity to study the full text.

But if and when the rules are implemented, he will make certain that local officers are apprised fully of their meaning and how they should be interpreted and administered, he said.

—:—

KAPP POINTED out that the regulations appear to involve two amendments to the U.S. Constitution.

They are the Sixth Amendment, which guarantees an accused person "the right to a speedy and public trial by an impartial jury," and the First Amendment, which provides for a free press and the freedom of assembly.

Like many other observers in the ranks of the press and the bar, he commented that a ruling of the U. S. Supreme Court probably will be required before the regulations are interpreted finally, taking into account all the seemingly conflicting aspects.

The ABA study began after the Warren Commission called on the bar, law enforcement officers and the press to work together "to establish ethical standards concerning the collection and presentation of information to the public so that there will be no interference with pending criminal investigations, court proceedings or the right of individuals to a fair trial."

Kline Urges Hearings On Appointment

HARRISBURG (AP) — Senate Minority Leader Ernest P. Kline recommended today that the Executive Nominations Committee hold public hearings on Gov. Shafer's appointment of John K. Tabor as his new labor secretary.

"It's always been my policy to respect the governor's choice in selecting his cabinet," Kline said in an interview.

"But I would recommend that the committee conduct a public hearing to determine whether the federal Hatch Act precludes any political activity by Mr. Tabor in that office," Kline continued.

The Beaver County Democrat said he would pursue the matter with his caucus Monday when the General Assembly reconvenes.

Tabor, currently serving as Secretary of Internal affairs, is to become acting Secretary of Labor and Industry Friday when the resignation of William J. Hart becomes effective.

Tabor is to serve as acting secretary until his confirmation by two-thirds of the 50-man Senate, at which time he would report to Acting Secretary of Internal Affairs.

Kline said his primary intent was to clearly establish what political restrictions would be placed on Tabor in the new post.

Continuance Granted On City Check Charge

Acting at the request of Joseph Baronzzi of Lisbon, defense counsel, Acting Municipal Judge Robert A. Kapp today granted a continuance until next Tuesday at 9 a. m. in a hearing for a young woman accused of "forging and counterfeiting" a name on a stolen check.

The defendant is Miss Diana Auberta Branson of Elm St., named in an affidavit signed by Det. Capt. Kenneth H. Mooney. She is accused of forging the name of Birdie Hawkenberry of 314½ Market St. on a check which the owner said was stolen from her purse. A 15-year-old boy has been accused of stealing the check.

The court entered a not guilty plea for the defendant Monday and set a hearing today. The new continuance was requested by her counsel this morning.

Guidelines

(Continued from Page 1)

ed the rules are interpreted with common sense by both the press and those sworn to administer the law.

Columbiana County Prosecutor J. Warren Bettis said he believes mutual understanding between the courts and the news media on the local level is the best way of meeting the free press-fair trial problem.

Bettis said he wishes the ABA had left it that way.

—:—

HE SAID HE has no complaints about the news coverage of local crimes and criminal trials. "The papers have been fair to both the State and the defendants in my opinion."

Sheriff Russell VanFossen said the ABA guidelines, if adopted by the county Bar Association, would not change the policy of his department.

"For some time we have been giving only the essentials when arrests are made," he said. "We try to avoid going beyond this to information which might influence the outcome of the case.

Police Chief A. J. Radeschi commented that ultimate adoption of the rules "would cause no great change in the status quo in East Liverpool as it affects the police department and the news media."

"Generally speaking, many of these proposed rules have been observed here for several years," he added. "While cooperating with the press in every aspect of a case—so long as it did not hamper a pending investigation — the police department also has tried to be careful not to prejudice the rights of defendants," the chief said.

—:—

"AND I WANT to emphasize that the news media here have been cooperative," the chief said. "Our newsmen are familiar with libel laws and they also have been careful not to exceed the bounds of common sense, fair play and good taste in reporting crime news."

Radeschi added that he believes the principal center of conflict between news media and law enforcement agencies arises in large cities, where their relations are on a much more impersonal basis than in a small town.

"I'm sure that the local police department and news media can work with these new rules, if and when they become binding," the chief said. "When common sense prevails, there's seldom any reason for conflict between law enforcement agencies and those whose responsibility it is to keep the pub-

Floyd R. Tarr, Hancock County prosecutor, sees no dramatic changes in his office's procedures or that of law enforcement agencies as a result of the guidelines.

"We've been using them all along without the legislation," Tarr explained. "We have been trying to keep it strictly to a court trial and not a trial through the newspapers."

lic informed."

Solicitor J. Michael Kapp said he prefers to reserve extended comment on the proposed regulations until he has had an opportunity to study the full text.

But if and when the rules are implemented, he will make certain that local officers are apprised fully of their meaning and how they should be interpreted and administered, he said.

—:—

KAPP POINTED out that the regulations appear to involve two amendments to the U.S. Constitution.

They are the Sixth Amendment, which guarantees an accused person "the right to a speedy and public trial by an impartial jury," and the First Amendment, which provides for a free press and the freedom of assembly.

Like many other observers in the ranks of the press and the bar, he commented that a ruling of the U. S. Supreme Court probably will be required before the regulations are interpreted finally, taking into account all the seemingly conflicting aspects.

The ABA study began after the Warren Commission called on the bar, law enforcement officers and the press to work together "to establish ethical standards concerning the collection and presentation of information to the public so that there will be no interference with pending criminal investigations, court proceedings or the right of individuals to a fair trial."

Lawmakers Raiding Ohio Treasury

Ohio lawmakers are determined to carry out their raid on the state treasury.

Senators have graciously dropped their increase request from 87.5 per cent to 56.3 per cent. They originally were asking an increase from $8,000 annually to $15,000. Now they are asking for $12,500.

This is in addition to the measure expected to go on the May primary ballot permitting legislators to vote themselves an expense allowance.

We would have supported a proposal worked out along the lines suggested by Sen. Ralph S. Regula, R-Navarre, — a per-diem allowance geared to the length of legislative sessions and attendance of individual lawmakers.

We are unalterably apposed to the pay increase grab now stands. It is exorbitant.

Ohio legislators were given a salary increase of $3,000 a year in January 1965. Their $8,000 annual salary made them the third highest paid biennial legislators in the nation.

If lawmakers feel their expenses are excessive when in Columbus, they have the right to take reasonable steps to rectify the situation. We believe $8,000 is adequate pay for off years when the General Assembly is not in session and lawmakers are working with committee assignments.

An expense allowance system would take care of those times when the legislature is meeting in a reconvened session, as it is currently.

Perhaps Ohio senators were borrowing a page from the unions' operation manual: Ask for the moon and be satisfied when you get a piece of green cheese.

Maybe they were hoping that asking for an excessive amount would make their final figure more palatable for the public.

It still tastes bad to us. We hope it will be just as distasteful when chewed over by the House. If it is, representatives will know what to do with the proposal.

Should representatives go for the idea, the last hope will be a veto by Gov. James A. Rhodes. Political maneuvering being what it is, that prospect must be viewed realistically as quite dim.

The 'Winter Fair'

Bob Harris' "Winter Fair" meetings are not drawing crowds at five communities across Columbiana County as he and other governmental and service agency officials had hoped when the plan was first proposed.

The idea was to acquaint county residents with just what federal, state, county and city departments and various private and public agencies and organizations offer.

"Bringing government to the front doorstep," was the way Harris, manager of the Social Security office here, put it.

But a lot of people aren't even going to the front door, and it is unfortunate. First, many citizens are not aware of the total picture of governmental structure, how it works and what it has to offer.

Second, far too many people are wrongly criticizing officials and agencies with the mistaken beliefs about what the responsibilities are.

Third, the opportunity to air the blunderings and conflicts of some departments is being ignored by those citizens who have honest gripes.

Meetings with panels continue tonight, Thursday and Friday. They may not be quite so exciting as a televised movie, but the content is much closer to your pocketbook, what you want from your community and what your community can do for you.

Line Now, Not Later

Winter's ice, snow and salt have done their customary job of erasing most of the tri-state district's highway markings, adding to the traffic danger which lurks along streets and roads for unwary motorists.

Center lines and lane lines are vital for smooth flow of traffic and safe guidance of drivers unfamiliar with patterns of travel in our district.

Markings on a number of intersection areas in and near East Liverpool are obliterated, and the 1st St. bridge in Chester, which has three-lane blind approaches, lacks line designations, posing almost a minute-by-minute hazard of head-on collisions. Pennsylvania drivers have also filed complaints about the same problem.

Some street and road officials claim it's not the proper time weatherwise to work on lining. Surface moisture, frost and other conditions prevent paint from adhering very long.

But late winter and early spring, with darkness, fog and other travel problems greater than in summer, seem more appropriate times to help the driver than in sunnier days.

Lane markings and center lines in critical traffic areas should be re-painted now, when they are especially needed, not when it is more convenient or cheaper or better suited to the work schedule of road crews.

No Clampdown, Please

Rep. John E. Moss, D-Calif., is investigating a military clamp-down on Vietnam War information.

This staunch champion of the First Amendment to the U.S. Constitution can smell censorship half a world away. He is afraid the generals are doing what they always try to do sooner or later when events are not making them look like conquering heroes — suppressing bad news.

There is no dearth of bad news from Vietnam. There is, in truth, nothing but bad news — bad news of mounting casualties, diminishing objectives, enemy offensives, U.S. problems.

In addition to the bad news itself, there is the unprecedented impact of live television coverage of the horrors of the battlefield — something unprecedented in military annals. It has been one thing in wars past to hear of the anguish and death after the fact. But it is another thing entirely to see and hear the wounded and dying. Nothing like this ever happened before.

It was inevitable that sooner or later there would be a movement in higher echelons to protect the American public from things the members of the higher echelons believe are too raw and rugged for popular consumption.

It was inevitable, too, that when this happened there would be the same, old familiar tussle between the censors and defenders of the people's right to know.

Whenever this happens, the American people should remember the salient fact about the First Amendment to their U.S. Constitution. Their right to know — the so-called "freedom of the press" — is guaranteed to them, not to the news media. It ist heir fight when the censors get fidgety and revert to their age-old practice of putting the lid on bad news.

It is the public's war in Vietnam, waged in its name by their sons and brothers. Whatever is about to be hidden, on the pretext that the enemy might find it out or buying a subscription to a U.S. newspaper, is about to be hidden from them.

The enemy already knows all about it. So do the generals.

TRUMAN TWILL

Purely Personal Observations

The inequity of taxation is legendary, but think about this one. Our Great Good Government allow only $600 a year for deduction for rearing a legitimate child, including sending the kid through college, but spends $800 for illegitimate children, $7,000 for each enrollee in the Federal Job Corps, $15,000 for a VISTA worker and up to a couple thousand for a Cuban refugee.

New York concedes its new Taylor Act to prevent strikes of public employes is a flop for the same reason its predecessor, the Condon-Wadlin Act was a flop. In a showdown, no official anywhere is going to make law-breakers of public employes for doing what other citizens can do legally.

They have torn down the Astor Hotel in New York City, once the heart of Broadway in a brighter, happier day. It is to be replaced by another office building — and this is the story of our cities. Everything once bright and gay has soon or soon will be replaced by something dull, maybe a parking lot.

I made a passing grade in elementary school physiology but do not unnderstand how the International Amateur Athletic Federation can bar that Polish woman athlete of her standing because of tests that reveal she has more male than female chromosones. In my day, you peeked at baby bootees to determine sex and let it go at that.

Nothing stirs misgivings like the premature retirement of a first-rate public figure like Sen. Thruston Morton of Kentucky, or a private figure who leaves the arena while still winning. It makes everybody they leave behind wonder what motivated the departee's motivation.

Occasionally a sports spieler sees a reminder that sportsmanship is not dead and comments favorably about it. I will give 5-1 that players guilty of sportsmanlike gestures are bawled out by the coach or manager — or 10-1 if the game is baseball.

Excitement comes in many forms, but if anything turns out wilder than a bird in a bedroom I want nothing to do with it — ever — not to mention post-excitement speculation about how the thing got into the house.

As a lifetime critic of officials who get carried away by proximity to the public trough, I admit I am not sure I wouldn't be even greedier than they are if I had the same chance to shoulder my way into a position to slurp it up at taxpayers' expense.

Timely Quotes

I think the mood of America today is one of rather great confusion. I've never known a time like this — when people were so disillusioned and cynical. I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country . . . the public wants desperately to find a way to resolve international problems without going to war.

—Dr. George Gallup, in his fourth decade of surveying public opinion.

We should not deny other nations the right to have their own revolutions. To intervene unilaterally wherever we smell a danger of revolution is to play God with the destinies of nations.

—Dr. John C. Bennett, president of Union Theological Seminary.

'Must Be A Rabbit In There Somewhere!'

VICTOR RIESEL

Added Status For Negroes

WASHINGTON — Soon it will become the sacred trust of one man in the governmental labyrinth to make certain that employers become aggressive about sex.

Victor Riesel

Those who hire will have to take positive action. It is the wish of Lyndon Johnson. It is written in an executive order. Come Oct. 1, no "boss," no corporation, no agency will be able to man a project without actively surveying the market to see if he can't do some of the manning with women.

It's an awesome assignment, but the chap who sighs wearily over implementing the final section of the presidential directive, Executive Order 11246, has been through the fire and believes he can survive.

Frequently, that fire has been hell for the man in charge, Ed Sylvester, director of the Labor Dept.'s Office of Federal Contract Compliance (OFCC).

For the moment he can give it only his spare time, since his headquarters now must monitor almost $100 billion worth of construction and the usage of tens of billions of other federal money.

It is he and his small staff who will see to it that the 8,500 locals of the building and construction trades unions obey the eloquent dictim of their 18 inter-national presidents—and open their doors, membership rosters, apprenticeship schools and job referral systems to men of all races, colors and creeds. He has until fall to add the word sex.

EVEN IN THESE days of escalation, his headquarters makes sophisticated computers seem like electronic tortoises. Somehow, working with every government agency, the OFCC must trace every federal dollar—whether it be for a bank or the $15 million Harlem Towers (which will be built mostly with non-white labor).

Sylvester thumbed through some notes the other day and disclosed that in fiscal year 1966 his office—handling agency reports—monitored 99,400 contracts, projects, sites and other operations of all kinds absorbing or using the federal buck.

By 1967, this had sprinted to 156,600. And this year the number rocketed to 219,500. Not all are probed in depth.

But at least 20 per cent are—meaning that Sylvester takes a sharp look into some 44,000 contracts, projects and sites.

Typical is Cleveland where, incidentally, millions have sunk into the unresurrected swamp of that city's urban renewal. There, late last year, he and his men summoned contractors.

The builders were told they would have to be aggressive. They would not get a contract unless they first came in with manning tables—in other words: How many Negroes. No manning table, no contract.

The bidders came in. They had been helpless until the unions broke down and sifted in a few of the minorities.

BUT STRANGELY ENOUGH, Sylvester says, despite the rumbles hiring no longer is the basic problem. The logjam has been smashed. General contractors need labor, want to train labor.

They need only the iron hand of local unions to relax. And the grip is easing.

"We are compliance-oriented now," says Sylvester. "On hiring, we find the complaints falling off. Now we hear mostly that people just don't have the opportunity to get promoted.

"The whole interest across the board in hard core job training has lessened. There are perpetuating infrastructures so a Negro worker has difficulty upgrading into better opportunity.

"This is the whole question of seniority for whites and Negroes and the matter of tests. and other qualifications which the minority workers must meet.

"A lot of people still find that, after being hired, they cannot win upgrading. This is more and more prevalant as against the old fight for hiring."

So this train of history is catapulting on to another horseshoe curve.

The restlessness is in the mass production industries. The craft unions have cracked. It doesn't seem so, but the pressure of the government, the hot summers, the wartime scarcity, has sent the unions into the ghettos searching for young men with skills.

THE BUILDING CRAFTS Project Outreach is searching for apprentices—in groups of eight or ten or even three or four—in 48 cities now.

Now it is a matter of young Negroes saying they want to leapfrog into the professions, the white collar jobs, the arts, sciences and executive suites. They no more want to become plumbers, or carpenters, or bricklayers than do the lads of the Ivy League or the anonymous colleges.

This leaves the unskilled. They wearied of waiting and they flocked into the huge industrial complexes.

And they were hired by the scores of thousands. Look at Bethlehem Steel at Sparrows Point near Baltimore. There are 10,000 Negroes and about as many whites. In each classification white and black receive equal pay.

But some of them have organized the Steelworkers for Equality. They dispatch picket caravans hundreds of miles. They want upgrading. They want foremen's, supervisors' and higher job slots.

And Ed Sylvester's office is turning to the mass production industries. He's giving the big plants the same treatment he gave the construction people.

It's a new era. It's more pervasive. It's later than you think.

It may well be that sex may have to wait—first things first.

DAVID LAWRENCE

Aid And Comfort

When two American naval vessels in Southeast Asia waters were attacked Aug. 4, 1964, by the North Vietnamese navy, the United States government — which had experienced similar hostilities two days before — ordered its forces to retaliate. They did, including bombing port facilities.

As a result of this incident, which occurred in the Gulf of Tonkin off the coast of Vietnam, President Johnson asked Congress for a joint resolution authorizing him to use the armed forces of the United States to help repel aggressive acts of the North Vietnamese.

A broad basis for the request was the commitment the United States had made in the Southeast Asia Treaty to come to the defense of nations in the region.

THREE AND one-half years afterward, Sen. J. William Fulbright of Arkansas, Democrat, chairman of the Senate Foreign Relations Committee, says he is sorry he sponsored the resolution — which was passed by an overwhelming vote of both parties in the Senate and House.

He questions whether the attacks in 1964 happened as described to his committee at the time, or whether the clash between the ships was "provoked" in order to get congressional authority to carry on the war in Vietnam.

Secretary of Defense McNamara was asked by the Senate Foreign Relations Committee to give its members comprehensive information and data about the Gulf of Tonkin episodes. He submitted a document, and the senators asked him a variety of questions.

The whole testimony, comprising about 60,000 words, was released over the weekend. Mr. McNamara furnished details, replied to all questions fully and made this final comment:

"I find it inconceivable that anyone remotely familiar with our society and system of government could suspect the existence of a conspiracy which would include almost, if not all, the entire chain of military command in the Pacific, the chairman of the Joint Chiefs of Staff, the Joint Chiefs, the secretary of defense, and his chief civilian assistants, the secretary of state, and the President of the United States."

Notwithstanding this forthright declaration, some of the members of the Foreign Relations Committee proceeded to pick out isolated sentences in re-examining cabled messages from the naval commanders in the Pacific in 1964. These senators sought to show that some other motive was behind the request for the congressional resolution.

Angered by this, Sen. Frank Lausche, Democrat, of Ohio said at one point during the hearing in answer to the critics of the administration:

"Are we trying to prove we were not shot at and that we initiated the shooting under a misapprehension of the facts? . . . It looks to me as if it (the meeting of the committee) is trying to put the United States in a bad light and the North Vietnamese in a good light, and I cannot subscribe to that."

What is behind it all? Why do members of Congress risk provoking the ill effects upon world opinion which are felt by the United States when prominent members of Congress accuse their own government of the very things Communists have been saying continually about American policy?

THE ONLY plausible answer is domestic politics. Sen. Fulbright is up for re-election this year. He knows the Vietnam War is unpopular, but he voted for the Gulf of Tonkin resolution in 1964. So now he presumably finds it is politically expedient to renounce that vote and criticize the administration for having allegedly misled him.

There is a big question still unanswered: If any members of Congress think the Gulf of Tonkin resolution was a mistake, why haven't they proposed its repeal? They could have done this at any time within the last three and a half years since it was passed.

Six months ago, President Johnson, himself, challenged the opposition to take such a step. He was fully convinced Congress would never venture to adopt a proposal for retreat.

It is hard enough to fight a war at the battlefront where more than 500,000 Americans are striving to protect a small nation from the aggressive acts of communist imperialism. But it is discouraging for the United States government itself to be confronted by accusations at home which, as one senator phrased it, tend "to give aid and comfort" to the enemy.

Lawmakers Raiding Ohio Treasury

Ohio lawmakers are determined to carry out their raid on the state treasury.

Senators have graciously dropped their increase request from 87.5 per cent to 56.3 per cent. They originally were asking an increase from $8,000 annually to $15,000. Now they are asking for $13,500.

This is in addition to the measure expected to go on the May primary ballot permitting legislators to vote themselves an expense allowance.

We could have supported a proposal worked out along the lines suggested by Sen. Ralph S. Regula, R-Navarre, — a per-diem allowance geared to the length of legislative sessions and attendance of individual lawmakers.

We are unalterably apposed to the pay increase as it now stands. It is exorbitant.

Ohio legislators were given a salary increase of $3,000 a year in January 1965. Their $8,000 annual salary made them the third highest paid biennial legislators in the nation.

If lawmakers feel their expenses are excessive when in Columbus, they have the right to take reasonable steps to rectify the situation. We believe $8,000 is adequate pay for off years when the General Assembly is not in session and lawmakers are working with committee assignments.

An expense allowance system would take care of those times when the legislature is meeting in a reconvened session, as it is currently.

Perhaps Ohio senators were borrowing a page from the unions' operation manual: Ask for the moon and be satisfied when you get a piece of green cheese.

Maybe they were hoping that asking for an excessive amount would make their final figure more palatable for the public.

It still tastes bad to us. We hope it will be just as distasteful when chewed over by the House. If it is, representatives will know what to do with the proposal.

Should representatives go for the idea, the last hope will be a veto by Gov. James A. Rhodes. Political maneuvering being what it is, that prospect must be viewed realistically as quite dim.

The 'Winter Fair'

Bob Harris' "Winter Fair" meetings are not drawing crowds at five communities across Columbiana County as he and other governmental and service agency officials had hoped when the plan was first proposed.

The idea was to acquaint county residents with just what federal, state, county and city departments and various private and public agencies and organizations offer.

"Bringing government to the front doorstep," was the way Harris, manager of the Social Security office here, put it.

But a lot of people aren't even going to the front door, and it is unfortunate. First, many citizens are not aware of the total picture of governmental structure, how it works and what it has to offer.

Second, far too many people are wrongly criticizing officials and agencies with the mistaken beliefs about what the responsibilities are.

Third, the opportunity to air the blunderings and conflicts of some departments is being ignored by those citizens who have honest gripes.

Meetings with panels continue tonight, Thursday and Friday. They may not be quite so exciting as a televised movie, but the content is much closer to your pocketbook, what you want from your community and what your community can do for you.

Line Now, Not Later

Winter's ice, snow and salt have done their customary job of erasing most of the tri-state district's highway markings, adding to the traffic danger which lurks along streets and roads for unwary motorists.

Center lines and lane lines are vital for smooth flow of traffic and safe guidance of drivers unfamiliar with patterns of travel in our district.

Markings on a number of intersection areas in and near East Liverpool are obliterated, and the 1st St. bridge in Chester, which has three-lane blind approaches, lacks line designations, posing almost a minute-by-minute hazard of head-on collisions. Pennsylvania drivers have also filed complaints about the same problem.

Some street and road officials claim it's not the proper time weatherwise to work on lining. Surface moisture, frost and other conditions prevent paint from adhering very long.

But late winter and early spring, with darkness, fog and other travel problems greater than in summer, seem more appropriate times to help the driver than in sunnier days.

Lane markings and center lines in critical traffic areas should be re-painted now, when they are especially needed, not when it is more convenient or cheaper or better suited to the work schedule of road crews.

No Clampdown, Please

Rep. John E. Moss, D-Calif., is investigating a military clamp-down on Vietnam War information.

This staunch champion of the First Amendment to the U.S. Constitution can smell censorship half a world away. He is afraid the generals are doing what they always try to do sooner or later when events are not making them look like conquering heroes — suppressing bad news.

There is no dearth of bad news from Vietnam. There is, in truth, nothing but bad news — bad news of mounting casualties, diminishing prestige, enemy offensives, U.S. problems.

In addition to the bad news itself, there is the unprecedented impact of live television coverage of the horrors of the battlefield — something unprecedented in military annals. It has been one thing in wars past to hear of the anguish of death after the fact. But it is another thing entirely to see and hear the wounded and dying. Nothing like this ever happened before.

It was inevitable that sooner or later there would be a movement in higher echelons to protect the American public from things the members of the higher echelons believe are too raw and rugged for popular consumption.

It was inevitable, too, that when this happened there would be the same, old familiar tussle between the censors and defenders of the people's right to know.

Whenever this happens, the American people should remember the salient fact about the First Amendment to their U.S. Constitution. Their right to know — the so-called "freedom of the press" — is guaranteed to them, not to the news media. It ist heir fight when the censors get fidgety and revert to their age-old practice of putting the lid on bad news.

It is the public's war in Vietnam, waged in its name by their sons and brothers. Whatever is about to be hidden, on the pretext that the enemy might find it out or buying a subscription to a U.S. newspaper, is about to be hidden from them.

The enemy already knows all about it. So do the generals.

TRUMAN TWILL

Purely Personal Observations

The inequity of taxation is legendary, but think about this one. Our Great Good Government allow only $600 a year for deduction for rearing a legitimate child, including sending the kid through college, but spends $800 for illegitimate children, $7,000 for each enrollee in the Federal Job Corps, $15,000 for a VISTA worker and up to a couple thousand for a Cuban refugee.

New York concedes its new Taylor Act to prevent strikes of public employes is a flop for the same reason its predecessor, the Condon-Wadlin Act was a flop. In a showdown, no official anywhere is going to make law-breakers of public employes for doing what other citizens can do legally.

They have torn down the Astor Hotel in New York City, once the heart of Broadway in a brighter, happier day. It is to be replaced by another office building — and this is the story of our cities. Everything once bright and gay has been or soon will be replaced by something dull, maybe a parking lot.

I made a passing grade in elementary school psysiology but do not unnderstand how the International Amateur Athletic Federation can bar that Polish woman athlete of her standing because of tests that reveal she has more male then female chromosones. In my day, you peeked at baby bootees to determine sex and let it go at that.

Nothing stirs misgivings like the premature retirement of a first-rate public figure like Sen. Thruston Morton of Kentucky, or a private figure who leaves the arena while still winning. It makes everybody they leave behind wonder what destroyed the departee's motivation.

Occasionally a sports spieler sees a reminder that sportsmanship is not dead and comments favorably about it. I will give 5-1 that players guilty of sportsmanlike gestures are bawled out by the coach or manager — or 10-1 if the game is baseball.

Excitement comes in many forms, but if anything turns out wilder than a bird in a bedroom I want nothing to do with it — ever — not to mention post-excitement speculation about how the thing got into the house.

As a lifetime critic of officials who get carried away by proximity to the public trough, I admit I am not sure I wouldn't be even greedier than they are if I had the same chance to shoulder my way into a position to slurp it up at taxpayers' expense.

Timely Quotes

I think the mood of America today is one of rather great confusion. I've never known a time like this — when people were so disillusioned and cynical. I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country . . . the public wants desperately to find a way to resolve international problems without going to war.

—Dr. George Gallup, in his fourth decade of surveying public opinion.

We should not deny other nations the right to have their own revolutions. To intervene unilaterally wherever we smell a danger of revolution is to play God with the destinies of nations.

—Dr. John C. Bennett, president of Union Theological Seminary.

VICTOR RIESEL

Added Status For Negroes

WASHINGTON — Soon it will become the sacred trust of one man in the governmental labyrinth to make certain that employers become aggressive about sex.

Victor Riesel

Those who hire will have to take positive action. It is the wish of Lyndon Johnson. It is written in an executive order. Come Oct. 1, no "boss," no corporation, no agency will be able to man a project without actively surveying the market to see if he can't do some of the manning with women.

It's an awesome assignment, but the chap who sighs wearily over implementing the final section of the presidential directive, Executive Order 11246, has been through the fire and believes he can survive.

Frequently, that fire has been hell for the man in charge, Ed Sylvester, director of the Labor Dept.'s Office of Federal Contract Compliance (OFCC).

For the moment he can give it only his spare time, since his headquarters now must monitor almost $100 billion worth of construction and the usage of tens of billions of other federal money.

It is he and his small staff who will see to it that the 8,500 locals of the building and construction trades unions obey the eloquent dictim of their 18 inter-national presidents—and open their doors, membership rosters, apprenticeship schools and job referral systems to men of all races, colors and creeds. He has until fall to add the word sex.

EVEN IN THESE days of escalation, his headquarters makes sophisticated computers seem like electronic tortoises. Somehow, working with every government agency, the OFCC must trace every federal dollar—whether it be for a bank or the $15 million Harlem Towers (which will be built mostly with non-white labor).

Sylvester thumbed through some notes the other day and disclosed that in fiscal year 1966 his office—handling agency reports—monitored 99,400 contracts, projects, sites and other operations of all kinds absorbing or using the federal buck.

By 1967, this had sprinted to 156,600. And this year the number rocketed to 219,500. Not all are probed in depth.

But at least 20 per cent are—meaning that Sylvester takes a sharp look into some 44,000 contracts, projects and sites.

Typical is Cleveland where, incidentally, millions have sunk into the unresurrected swamp of that city's urban renewal. There, late last year, he and his men summoned contractors.

The builders were told they would have to be aggressive. They would not get a contract unless they first came in with manning tables—in other words: How many Negroes. No manning table, no contract.

The bidders came in. They had been helpless until the unions broke down and sifted in a few of the minorities.

BUT STRANGELY ENOUGH, Sylvester says, despite the rumbles hiring no longer is the basic problem. The logjam has been smashed. General contractors need labor, want to train labor.

They need only the iron hand of local unions to relax. And the grip is easing.

"We are compliance-oriented now," says Sylvester. "On hiring, we find the complaints falling off. Now we hear mostly that people just don't have the opportunity to get promoted.

"The whole interest across the board in hard core job training has lessened. There are perpetuating infrastructures so a Negro worker has difficulty upgrading into better opportunity.

"This is the whole question of seniority for whites and Negroes and the matter of tests, and other qualifications which the minority workers must meet.

"A lot of people still find that, after being hired, they cannot win upgrading. This is more and more prevalant as against the old fight for hiring."

So this train of history is catapulting on to another horseshoe curve.

The restlessness is in the mass production industries. The craft unions have cracked. It doesn't seem so, but the pressure of the government, the hot summers, the wartime scarcity, has sent the unions into the ghettos searching for young men with skills.

THE BUILDING CRAFTS Project Outreach is searching for apprentices—in groups of eight or ten or even three or four—in 48 cities now.

Now it is a matter of young Negroes saying they want to leapfrog into the professions, the white collar jobs, the arts, sciences and executive suites. They no more want to become plumbers, or carpenters, or bricklayers than do the lads of the Ivy League or the anonymous colleges.

This leaves the unskilled. They wearied of waiting and they flocked into the huge industrial complexes.

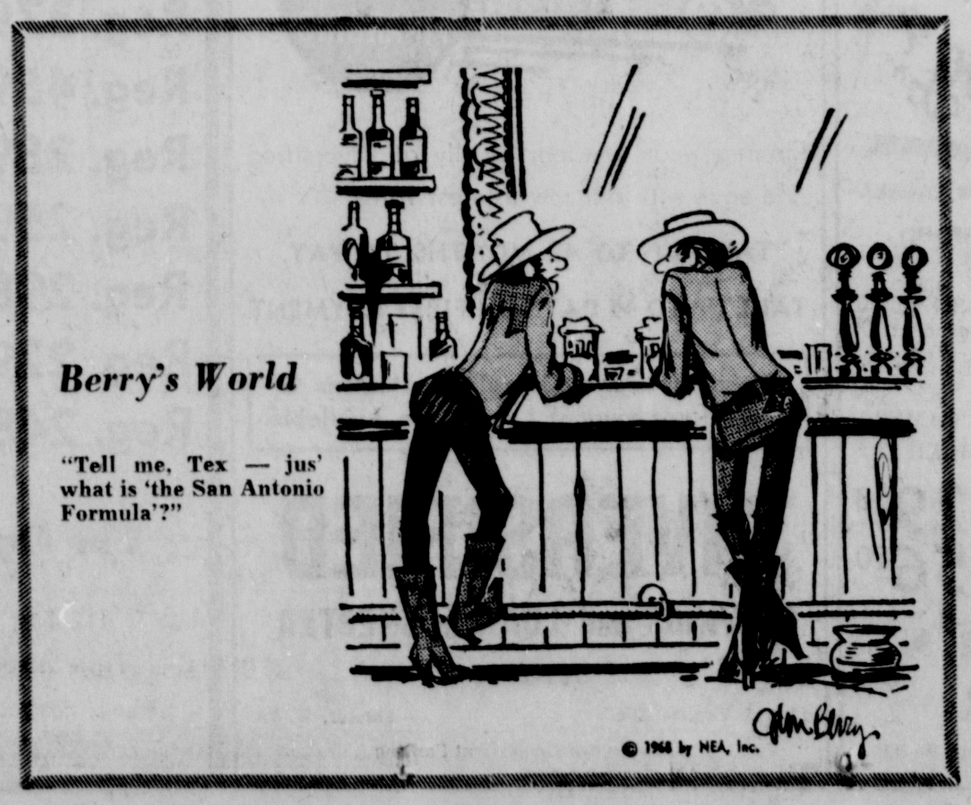
And they were hired by the scores of thousands. Look at Bethlehem Steel at Sparrows Point near Baltimore. There are 10,000 Negroes and about as many whites. In each classificiation white and black receive equal pay.

But some of them have organized the Steelworkers for Equality. They dispatch picket caravans hundreds of miles. They want upgrading. They want foremen's, supervisors' and higher job slots.

And Ed Sylvester's office is turning to the mass production industries. He's giving the big plants the same treatment he gave the construction people.

It's a new era. It's more pervasive. It's later than you think.

It may well be that sex may have to wait—first things first.



DAVID LAWRENCE

Aid And Comfort

When two American naval vessels in Southeast Asia waters were attacked Aug. 4, 1964, by the North Vietnamese navy, the United States government — which had experienced similar hostilities two days before — ordered its forces to retaliate. They did, including bombing port facilities.

As a result of this incident, which occurred in the Gulf of Tonkin off the coast of Vietnam, President Johnson asked Congress for a joint resolution authorizing him to use the armed forces of the United States to help repel aggressive acts of the North Vietnamese.

A broad basis for the request was the commitment the United States had made in the Southeast Asia Treaty to come to the defense of nations in the region.

RUSTON, La. (AP) — Michael F. "Pinky" Higgins, 59-year-old scout for the Houston Astros, was jailed after an auto accident killed one man Tuesday and injured three others.

State police said a car driven by Higgins, former manager of the Boston Red Sox, killed George W. Killen, 63-year-old flagman for the State Highway Department. Higgins was not hurt.

State police booked Higgins for negligent homicide and driving under the influence of an intoxicating beverage. He was held in the Lincoln Parish jail under $7,500 bond.

State police said Higgins apparently failed to see Killen flagging motorists on Interstate 20 west of here to slow down and change lanes.

Civil Rights Bill Due OK

WASHINGTON (AP) — A civil rights bill born of compromise appears destined for Senate passage after a six-week struggle.

Tre new bill could be presented today if proponents of civil rights legislation agree on the details before the Senate opens for business.

The next move would be a renewed attempt to choke off a debate carried on by Southern and conservative Republican opponents since Congress reconvened Jan. 15.

No final vote on the bill itself is expected before next week at the earliest.

Republican Leader Everett M. Dirksen, who twice has voted against ending the debate, told newsmen Tuesday "a very substantial measure of agreement" had been reached on the bill.

Dirksen said the compromise measure's open-housing provision "will be stronger than the one I helped kill two years ago."

The compromise open-housing proposal would take effect in three stages, applying immediately to housing financed with federal aid and by the end of the year to big apartments and housing developments.

The third stage, applying in a limited degree to sale or rental of single-family dwellings, reportedly would take effect next year.

It would exempt single-family dwellings if the owners sell or rent the property themselves but would not permit them to instruct real-estate brokers to discriminate.

The House passed an open-housing bill in 1966 which would have applied to about 40 per cent of the nation's housing. It was this measure which Dirksen helped defeat in the Senate. As currently written, the measure's open-housing provisions would apply to about 97 per cent of the nation's housing.

The Ohio Highway Patrol at Lisbon said he was headed west on Route 172 about three miles west of County Rd. 410 at 2:35 a.m. when he lost control of the 1964 truck which went into a ditch.

Bernard Reilly, 28, of Grangeville, N.Y., was injured at 6:45 a.m. today when his car skidded on snow-covered Route 7 near Route 14 and struck guardrails.

Officers said Reilly lost control of the 1965 coach about a tenth of a mile south of Route 14, and the car went off the left side of the road, hitting the guardrails.

There was heavy damage to the front of the auto. Reilly said he would obtain treatment from a physician.

Firemen from Wellsville, Glenmoor and LaCroft were summoned to the blaze, which sent smoke across the neighborhood. Firemen said the structure would be a total loss.

Cause of the blaze, which started in the second floor, was not immediately determined.

'Pinky' Higgins Jailed After Car Kills 1, Hurts 3

RUSTON, La. (AP) — Michael F. "Pinky" Higgins, 59-year-old scout for the Houston Astros, was jailed after an auto accident killed one man Tuesday and injured three others.

State police said a car driven by Higgins, former manager of the Boston Red Sox, killed George W. Killen, 63-year-old flagman for the State Highway Department. Higgins was not hurt.

State police booked Higgins for negligent homicide and driving under the influence of an intoxicating beverage. He was held in the Lincoln Parish jail under $7,500 bond.

State police said Higgins apparently failed to see Killen flagging motorists on Interstate 20 west of here to slow down and change lanes.

Funds Given Board's OK At Palestine

EAST PALESTINE — An appropriation resolution for $1,205,633 — $80,000 higher than last year — was adopted by the East Palestine Board of Education Monday night.

The appropriation includes $1,005,057 for the general fund, $103,194 for bond retirement and $97,281 for cafeteria expenses.

In other action the board granted leave to Mrs. Carole Spratt, third grade teacher at Unity School, and named Mrs. Shirley Patterson of East Palestine to serve in her place for the remainder of the term.

It was announced a 5-week rapid reading class will begin March 20 at the high school. A similar course is to be completed early next month.

The board authorized insurance contracts with the John McCamon Agency of East Palestine and six other agencies. McCamon will provide about 60 per cent of the coverage and the others the remainder. Previously the McCamon had about 50 per cent of the insurance contracts.

Civil Rights Bill Due OK

WASHINGTON (AP) — A civil rights bill born of compromise appears destined for Senate passage after a six-week struggle.

Tre new bill could be presented today if proponents of civil rights legislation agree on the details before the Senate opens for business.

The next move would be a renewed attempt to choke off a debate carried on by Southern and conservative Republican opponents since Congress reconvened Jan. 15.

No final vote on the bill itself is expected before next week at the earliest.

Republican Leader Everett M. Dirksen, who twice has voted against ending the debate, told newsmen Tuesday "a very substantial measure of agreement" had been reached on the bill.

Dirksen said the compromise measure's open-housing provision "will be stronger than the one I helped kill two years ago."

The compromise open-housing proposal would take effect in three stages, applying immediately to housing financed with federal aid and by the end of the year to big apartments and housing developments.

The third stage, applying in a limited degree to sale or rental of single-family dwellings, reportedly would take effect next year.

It would exempt single-family dwellings if the owners sell or rent the property themselves but would not permit them to instruct real-estate brokers to discriminate.

The House passed an open-housing bill in 1966 which would have applied to about 40 per cent of the nation's housing. It was this measure which Dirksen helped defeat in the Senate. As currently written, the measure's open-housing provisions would apply to about 97 per cent of the nation's housing.

Conrad Given Life Term In Wife Slaying

LISBON — Lowell N. Conrad, 34, formerly of Alliance, was sentenced to life imprisonment in the Ohio State Penitentiary Tuesday for the pistol slaying of his wife, Chrystal Ann, 34.

Judge Raymond S. Buzzard imposed sentence in Common Pleas Court after permitting Conrad to withdraw his plea of not guilty to first-degree murder and enter a plea of guilty to the lesser included offense of murder in the second degree.

Conrad was represented by Russell Mock and John Mock of Youngstown, father - and - son criminal lawyers. The defendant, formerly a structural worker and assembler at Morgan Engineering in Alliance, said he understood his plea meant life imprisonment.

The Mocks agreed with facts of the case as presented by Prosecuting Atty. J. Warren Bettis. He said Conrad purchased a 22-caliber pistol Dec. 8 in Alliance, telephoned a policeman friend in Salem on Dec. 9 to say he intended to kill his estranged wife if she would not come back to him, and at noon Sunday Dec. 10 drove to the home of the policeman, John Sommers and surrendered the pistol.

Mrs. Conrad was in the front seat of the car, a bullet in her head. She was pronounced dead on arrival at Salem City Hospital.

The couple separated in November, and Mrs. Conrad and the four children went to live with her parents, Mr. and Mrs. Kenneth Zeller of Knox Township.

Conrad drove to the home the morning of Dec. 1 and Mrs. Conrad left with him. Her father said she was driving the car as the couple left the farmhouse.

Trial Begins In Burglary

An East Liverpool youth went on trial this morning before a Common Pleas Court jury at Lisbon, while another pleaded guilty before a panel was seated to try his case.

On trial in Judge Joal H. Sharp's Courtroom is John Finlay, also known as "Bill" Finlay, 18, of 320 Highland Ave., charged with a burglary Dec. 14 at the Sunoco Service Station in Calcutta.

David Cunningham, 19, of 114 E. 2nd St., pleaded guilty to a charge of harboring and concealing a felon and asked Judge Raymond S. Buzzard for probation.

The judge released the youth on bond since he is already under investigation for probation after pleading guilty to an indictment returned last September.

The January grand jury indicted Cunningham for harboring and concealing William L. Nesbitt, 19, of 208 W. Washington St., Lisbon, last Nov. 3.

Nesbitt has pleaded guilty to four East Liverpool robberies—Oct. 9 and 20 at the Little Diner on Harvey Ave.; Oct. 10 at Gilmore's Service Station in Glenmoor, and Oct. 14 at Saltzman's Drugstore in Calcutta.

Charles J. Mercer, 18, of 130 Ravine St., pleaded guilty in Common Pleas Court Monday to a charge of burglary Dec. 29 at Rose Pickens grocery.

Judge Buzzard deferred action on his request for probation pending disposition of an indictment for robbery Jan. 2 at the Humble Service Station.

Terry Lee Hansel, 21, of 5th Ave., LaCroft, pleaded not guilty Tuesday when arraigned before Judge Buzzard on three indictments.

He is charged with the Humble Service Station robbery, the Pickens grocery burglary and a burglary Dec. 27 at the Pearl China Co.

Two men sentenced recently were conveyed to state institutions today by Chief Deputy Sheriff Robert Beresford and Jailer Lawrence Bush.

David B. Weekley, 19, of East Rochester RD 3 was taken to the Ohio State Reformatory at Mansfield to serve a total of 2 to 20 years for two auto thefts and setting fire to a dwelling. He pleaded guilty.

Conrad Given Life Term In Wife Slaying

LISBON — Lowell N. Conrad, 34, formerly of Alliance, was sentenced to life imprisonment in the Ohio State Penitentiary Tuesday for the pistol slaying of his wife, Chrystal Ann, 34.

Judge Raymond S. Buzzard imposed sentence in Common Pleas Court after permitting Conrad to withdraw his plea of not guilty to first-degree murder and enter a plea of guilty to the lesser included offense of murder in the second degree.

Conrad was represented by Russell Mock and John Mock of Youngstown, father - and - son criminal lawyers. The defendant, formerly a structural worker and assembler at Morgan Engineering in Alliance, said he understood his plea meant life imprisonment.

The Mocks agreed with facts of the case as presented by Prosecuting Atty. J. Warren Bettis. He said Conrad purchased a .22-caliber pistol Dec. 8 in Alliance, telephoned a policeman friend in Salem on Dec. 9 to say he intended to kill his estranged wife if she would not come back to him, and at noon Sunday Dec. 10 drove to the home of the policeman, John Sommers and surrendered the pistol.

Mrs. Conrad was in the front seat of the car, a bullet in her head. She was pronounced dead on arrival at Salem City Hospital.

The couple separated in November, and Mrs. Conrad and the four children went to live with her parents, Mr. and Mrs. Kenneth Zeller of Knox Township.

Conrad drove to the home the morning of Dec. 1 and Mrs. Conrad left with him. Her father said she was driving the car as the couple left the farmhouse.

Trial Begins In Burglary

An East Liverpool youth went on trial this morning before a Common Pleas Court jury at Lisbon, while another pleaded guilty before a panel was seated to try his case.

On trial in Judge Joel H. Sharp's Courtroom is John Finlay, also known as "Bill" Finlay, 18, of 820 Highland Ave., charged with a burglary Dec. 14 at the Sunoco Service Station in Calcutta.

David Cunningham, 19, of 114 E. 2nd St., pleaded guilty to a charge of harboring and concealing a felon and asked Judge Raymond S. Buzzard for probation.

The judge released the youth on bond since he is already under investigation for probation after pleading guilty to an indictment returned last September.

The January grand jury indicted Cunningham for harboring and concealing William L. Nesbitt, 19, of 268 W. Washington St., Lisbon, last Nov. 3.

Nesbitt has pleaded guilty to four East Liverpool robberies—Oct. 9 and 20 at the Little Diner on Harvey Ave.; Oct. 10 at Gilmore's Service Station in Glenmoor, and Oct. 14 at Saltsman's Drugstore in Calcutta.

Charles J. Mercer, 18, of 130 Ravine St., pleaded guilty in Common Pleas Court Monday to a charge of burglary Dec. 29 at Rose Pickens grocery.

Judge Buzzard deferred action on his request for probation pending disposition of an indictment for robbery Jan. 2 at the Humble Service Station.

Terry Lee Hensel, 21, of 5th Ave., LaCroft, pleaded not guilty Tuesday when arraigned before Judge Buzzard on three indictments.

He is charged with the Humble Service Station robbery, the Pickens grocery burglary and a burglary Dec. 27 at the Pearl China Co.

Two men sentenced recently were conveyed to state institutions today by Chief Deputy Sheriff Robert Beresford and Jailer Lawrence Bush.

David E. Weekley, 18, of East Rochester RD 3 was taken to the Ohio State Reformatory at Mansfield to serve a total of 2 to 20 years for two auto thefts and setting fire to a dwelling. He pleaded guilty.

Paul F. Beabout, 45, formerly of Jethro Hollow, convicted of non-support by a jury, began serving a sentence of 1 to 3 years in the Ohio State Penitentiary at Columbus.

The first poll of public opinion in this nation that was at all like those of today was conducted in July of 1824. The Harrisburg "Pennsylvania" reported a "straw vote" in Delaware that predicted the election of Andrew Jackson as President.

Inspection And Reports Feature Quota's Meeting

Annual reports were heard at the inspection of the East Liverpool Quota Club following a dinner meeting Tuesday night at the Travelers Hotel.

Miss Phyllis Crook, service chairman, reported on the Speech and Hearing Clinic which the club operates each Saturday at Westgate School. She said there have been 17 sessions this school year, with 36 patients being treated, 31 children and 5 adults.

She said the cases included cleft palate, stroke, stuttering, deaf and hard of hearing, delayed speech, cerebral palsy and articulation. Thirty - two new patients were given speech evaluations.

—:—

THE DIRECTOR, Dr. W. E. Weidner of Kent State University, is assisted by nine therapists and one supervisor. Quota Club members serve as receptionists. The present schedule is filled, with four cases on the waiting list, it was pointed out. This year the club has inaugurated a new project — providing breakfast at Westgate cafeteria for the therapists. The club committee includes Miss Mildred McGregor and Mrs. Edna Jones.

Other reports included those of Miss Selma Ladzinske, membership chairman; Mrs. Margaret Locke, program, and Mrs. Lois McHenry, ways and means. Miss McGregor read the financial report submitted by Mrs. Evelyn Exley, treasurer.

Mrs. Doris Locke, president, read her official summation of the club's activities and reported briefly on the international convention and other district events which she attended.

The inspection was conducted by Mrs. Ruth Sivey of Alliance, governor of the 6th District, who pointed out her aim this year was to promote enthusiasm among the clubs. She outlined the new policies discussed at the governor's seminar and the possibility of regional changes. She said the international convention will be held in July at Kansas City and the district conference in September at Cleveland. The golden anniversary of Quota will be observed during the international convention in 1969 at Washington, D.C.

Mrs. Zoe Mehl of Alliance, secretary - treasurer of the district, accompanied the governor. Both received gifts from the club.

—:—

MRS. MCHENRY asked members to pick up tickets for the illustrated lecture on flying saucers to be presented March 22 at Westgate School. This is the main fund - raising project this year.

The tables were decorated in the club's colors of blue and silver. The centerpiece was a large silver "Q" encircled by lighted blue tapers and centered with a floral arrangement. Silver candelabra held lighted blue tapers. Favors were spring bouquets of flowers and candy and recipe booklets.

Mrs. Margaret Locke, program chairman, was assisted with arrangements by Mrs. Clara Hall.

The next session will be a luncheon March 12 at the hotel.

During Tuesday Meeting Here

Rotary Picks Directors, Hears Talk By Doctor

Seven new directors were elected by the Rotary Club during its noon meeting Tuesday at the Travelers Hotel.

They are Jack L. Allison, Frank C. Dawson, Charles B. Lang, Carl F. Pelini, George A. Shaw, Michael Turk and Jackman S. Vodrey.

Dr. John Gard of New Brighton, consultant for the mental health clinic at Lisbon, described new techniques in handling emotional problems.

He explained the newest techniques, which he said are almost completely opposed to standard psychoanalysis, treat the symptoms of the problem, not the cause. They are used to treat neurosis, but usually not the psychotic, he added.

The behavioral therapy is used by a psychiatrist who becomes directly involved with the patient, Dr. Gard said.

"The patient is given minute doses of what he rejects until he can overcome it in systematic desensitization. This form of treatment is especially good for phobias and irrational fears.

"Implosion, frightening a patient as much and as long as possible, will dissipate certain fears. It is the most dramatic form of psychotherapy."

The success rate with this new techniques seems to be about 97 per cent, Dr. Gard reported, explaining one authority arrived at that percentage and another three-year study came up with approximately the same figures.

About 17 sessions are required with a psychiatrist using systematic desensitization and only about eight with implosion, Dr. Gard said, adding that formerly patients have made frequent visits for periods up to five years without success.

He believes the new form of treatment gradually will become the accepted way in America. He said it already is the standard for the most part in England.

He said the technique was begun at John Carroll University in Cleveland.

Dr. Charles Gerace was program chairman.

Reuther Calls UAW Talks To Discuss AFL-CIO Ties

DETROIT (AP) — Although Walter P. Reuther has called a special meeting to "discuss relations with the AFL-CIO," speculation within his United Auto Workers union is that nothing will be done imediately to break with the labor federation.

Reuther has summoned the UAW's international executive board to a meeting Friday and Saturday on the subject of the UAW's ties with the AFL-CIO.

More than a year ago Reuther raised the threat of withdrawing his 1.5-million members from the AFL-CIO, insisting the federation had become "undemocratic" and was "vegetating" under leadership of George Meany, 73.

A UAW convention last April gave the 60-year-old Reuther's 26-member executive board explicit authority "to take whatever action it deems necessary" in the continuing squabble between Reuther and Meany.

Several defying actions are available to the UAW chief if he decides to seek again a negotiated peace instead of embarking on all-out war in a year in which labor would like to present a united front for re-election of President Johnson.

Reuther, however, is as unpredictable as next week's weather and he may at the very least demand a "yes" or "no" on the UAW's proposed reform program before its next convention May 4-10 at Atlantic City.

The UAW chief told delegates at a special convention last year any action would be stalled until after new contracts had been won in upcoming negotiations with the Big Three automakers —General Motors, Ford and Chrysler. These now are wrapped up.

If the butcher has loosened the backbone of a pork loin, after roasting you can cut the backbone away before bringing the roast to the table to be carved. This technique makes carving the loin easy.

Two Are Held For Jurors In 'Go-Go' Case

A go-go dancer and a Midland bar operator arrested in a raid Feb. 17 were held for the next term of Beaver County Court at hearings Tuesday night before Justice of the Peace Milton Richeal of West Mayfield.

Victor Francis Liberatore of the Cantina Bar at 326 Midland Ave., Midland, was charged with permitting an obscene exhibition. He waived a preliminary hearing before the justice and posted a $500 cash bond.

Alice Marie Laney, 18, of New Brighton, the dancer, was charged with obscene exhibition as a result of the early morning raid on the Cantina Bar. The justice ruled a prima facia case was established and she was bound to the next term of court. Her $500 cash bond was continued.

Another go- go dancer arrested in another raid at the Sunnybrook Tavern of New Brighton also was bound to the next term of court. She is Lucille Ann Rotolo of Aliquippa. Her $500 cash bond was continued.

The raids were conducted by Pennsylvania state police at Chippewa, county detectives, Pennsylvania Liquor Control agents and Midland police. Trooper Joseph J. Valent signed the charges.

Work Begins On Road Job

Construction has started on a 6.6-mile section of Route 11 from east of Lisbon north to Route 164 at Copeland Lakes in Columbiana County.

John DiRoberto of Herman H. Miller and Son, Inc., Rootstown contractor, told Highway Department officials during a preconstruction conference in New Philadelphia that right-of-way tasking has begun and that clearing operations are due in about two weeks. He noted that construction of temporary run-around roads will begin during April at State Routes 558 and 164, with bridge building to start at those locations.

The $4,685,941 contract calls for building seven bridges — three single structures and two pairs carrying the four - lane highway over local roads. More than 1,000,000 cubic yards of excavation are required for the project that begins just north of the Route 154 interchange presently under construction by another contractor.

Herman Miller Jr., will be superintendent for the contractor on the job that has an Oct. 31, 1969, completion date.

Youths Jailed In Theft Case

Two Glenmoor area youths were sentenced to 30-day terms in County Jail and fined $50 and costs today in Municipal Court by Acting Judge Robert A. Kapp on charges they stole a radio valued at about $35 from a car on a downtown lot early Tuesday night.

Robbert Means, 19, of the Y. & O. Rd. and Thomas Taylor, 20, of Yeager Dr. were arrested at 7:14 on Walnut St. by Patrolmen Charles Coen and James Woods after they allegedly had removed a radio from one auto and started to remove a radio from another car, police reported.

Means was fined $35 and costs and sentenced to a 10-day term in County Jail on a second charge of "resisting an officer in the execution of his duties." Means was accused of struggling with Coen when the officer placed him under arrest on the theft charge.

Police said the names of the owners of the two autos are unknown. The cars had been towed off the streets at the request of the police department.

Coen testified he went to the lot after receiving a radio message of an attempted theft. He said he and Woods found Taylor and Means "crouched behind one of the cars" on the lot. A radio which had been removed from a 1963 model Ford was found lying on the fender of the car, he said.

In the snow in front of the auto, the officers said they found a flashlight, pliers, radio knobs, a wrench and other items. Radio knobs and brackets and tools were found in Taylor's pockets, the officers said.

The acting judge said Means' term on the resisting charge will run concurrently with the sentence on the theft charge.

The attendance banner was won by the seventh grade room taught by James Agish.

The next meeting will be May 27 at 7:30 p. m. when officers will be elected and installed.

Thief Batters Safe Knob In Entry Effort

A safe in the Star Furniture Store at 616 Walnut St. was battered badly Tuesday night or early today by a bungling would-be burglar who failed to force open the door, police reported.

The combination dial, the handle and the hinges of the safe were broken by a burglar who used tools found at the store—a metal bar, a hammer and a screwdriver. Nathan Weinbren, the proprietor, said the burglar would have been frustrated, regardless, as he makes it a practice not to keep money in the safe.

The entry was timed between 5 p. m. Tuesday and 9 this morning. A window had been broken and the back door of the store was found open.

Weinbren said the safe was damaged so badly that it cannot be opened.

Meanwhile, the Seaforth Mineral Co. building at 1st and Market Sts. was entered Tuesday night or early today by a intruder who apparently left empty-handed.

Entry was gained by breaking a lock off double doors on the east side of the structure. The office was ransacked. Officers said an electric clock in the office, apparently unplugged by the intruder, was stopped at 3:07.

The entry was discovered by Clair Hickman of Rogers RD 1, the first employe to report for work this morning.

Trial Will Begin Monday In 1964 Shooting Deaths

A trial will begin Monday at Beaver in the case of Mrs. Mary Zlatovich of Ohioville Borough, charged with the fatal shooting of four of her young children in 1964.

Mrs. Zlatovich, who was 24 at the time, has been in Dixmont State Hospital or the Beaver County Jail since. The defense will base its case on "insanity."

Judge James E. Rowley, who will preside, issued an order Tuesday directing the county to pay all expenses incurred by Mrs. Zlatovich, including the fees of five doctors, psychiatrists and psychologists.

The judge also ordered all statements and reports of witnesses be made available to Atty. Henry J. Albaugh, defense counsel.

Chester Council Acts On Crossing Hazards

Railroad crossings, with emphasis on that at 9th St., were termed hazards when Chester Council met Monday night.

Clerk Donald Hood was instructed to correspond with railroad officials relative to the situation.

During the discussion, attention was called to "near - misses" to autos during switching operations.

A discussion was held on the location of various street lights. Two mercury vapor lights are among those to be installed.

Councilman Charles Kology said the Linger Dr. area received a temporary patching and a general discussion followed on the condition of the Fairview Rd. at the intersection of Linger Dr.

Two - hour parking signs were requested by Councilman Percy Willison for the area near Pyramus Ave. and Willison's Barber Shop to help allevate parking problems. Police will investigate the matter.

The painting of the City Hall has been completed, Councilman Thomas Bowen reported.

Mayor Burton Ward reported that several warrants have been issued as the result of parking violations.

James Pelly of Jim's Two-Way Radio Co. spoke to Council relative to the costs of the radio equipment presently in use. Following a summary of rental and maintenance costs, Council decided to continue the rental instead of buying equipment. The radio will be removed from the police chief's auto March 1, Mayor Ward said.

Ward said John Burnquist of the Celotex Corp. has requested to appear before Council concerning the road from 11th St. and Pan Ave. to the Celotex plant.

Bills totaling $1,439 were paid. The treasurer submitted $100 in remittances.

Hood will meet with the county assessor soon to review the county taxes.

The next meeting will be March 11 at 7:30 p. m.

Two Are Held For Jurors In 'Go-Go' Case

A go-go dancer and a Midland bar operator arrested in a raid Feb. 17 were held for the next term of Beaver County Court at hearings Tuesday night before Justice of the Peace Milton Richeal of West Mayfield.

Victor Francis Liberatore of the Cantina Bar at 326 Midland Ave., Midland, was charged with permitting an obscene exhibition. He waived a preliminary hearing before the justice and posted a $500 cash bond.

Alice Marie Laney, 18, of New Brighton, the dancer, was charged with obscene exhibition as a result of the early morning raid on the Cantina Bar. The justice ruled a prima facia case was established and she was bound to the next term of court. Her $500 cash bond was continued.

Another go- go dancer arrested in another raid at the Sunnybrook Tavern of New Brighton also was bound to the next term of court. She is Lucille Ann Rotolo of Aliquippa. Her $500 cash bond was continued.

The raids were conducted by Pennsylvania state police at Chippewa, county detectives, Pennsylvania Liquor Control agents and Midland police. Trooper Joseph J. Valent signed the charges.

Work Begins On Road Job

Construction has started on a 6.6-mile section of Route 11 from east of Lisbon north to Route 164 at Copeland Lakes in Columbiana County.

John DiRoberto of Herman H. Miller and Son, Inc., Rootstown contractor, told Highway Department officials during a preconstruction conference in New Philadelphia that right-of-way tasking has begun and that clearing operations are due in about two weeks. He noted that construction of temporary run-around roads will begin during April at State Routes 558 and 164, with bridge building to start at those locations.

The $4,005,841 contract calls for building seven bridges — three single structures and two pairs carrying the four - lane highway over local roads. More than 1,600,000 cubic yards of excavation are required for the project that begins just north of the Route 154 interchange presently under construction by another contractor.

Herman Miller Jr., will be superintendent for the contractor on the job that has an Oct. 31, 1969, completion date.

Youths Jailed In Theft Case

Two Glenmoor area youths were sentenced to 30-day terms in County Jail and fined $50 and costs today in Municipal Court by Acting Judge Robert A. Kapp on charges they stole a radio valued at about $25 from a car on a downtown lot early Tuesday night.

Robbert Means, 19, of the Y. & O. Rd. and Thomas Taylor, 20, of Yeager Dr. were arrested at 7:14 on Walnut St. by Patrolmen Charles Coen and James Woods after they allegedly had removed a radio from one auto and started to remove a radio from another car, police reported.

Means was fined $25 and costs and sentenced to a 10-day term in County Jail on a second charge of "resisting an officer in the execution of his duties." Means was accused of struggling with Coen when the officer placed him under arrest on the theft charge.

Police said the names of the owners of the two autos are unknown. The cars had been towed off the streets at the request of the police department.

Coen testified he went to the lot after receiving a radio message of an attempted theft. He said he and Woods found Taylor and Means "crouched behind one of the cars" on the lot. A radio which had been removed from a 1963 model Ford was found lying on the fender of the car, he said.

In the snow in front of the auto, the officers said they found a flashlight, pliers, radio knobs, a wrench and other items. Radio knobs and brackets and tools were found in Taylor's pockets, the officers said.

The acting judge said Means' term on the resisting charge will run concurrently with the sentence on the theft charge.

The attendance banner was won by the seventh grade room taught by James Agish.

The next meeting will be May 27 at 7:30 p. m. when officers will be elected and installed.

Thief Batters Safe Knob In Entry Effort

A safe in the Star Furniture Store at 616 Walnut St. was battered badly Tuesday night or early today by a bungling would-be burglar who failed to force open the door, police reported.

The combination dial, the handle and the hinges of the safe were broken by a burglar who used tools found at the store—a metal bar, a hammer and a screwdriver. Nathan Weinbren, the proprietor, said the burglar would have been frustrated, regardless, as he makes it a practice not to keep money in the safe.

The entry was timed between 5 p. m. Tuesday and 9 this morning. A window had been broken and the back door of the store was found open.

Weinbren said the safe was damaged so badly that it cannot be opened.

Meanwhile, the Seaforth Mineral Co. building at 1st and Market Sts. was entered Tuesday night or early today by a intruder who apparently left empty-handed.

Entry was gained by breaking a lock off double doors on the east side of the structure. The office was ransacked. Officers said an electric clock in the office, apparently unplugged by the intruder, was stopped at 3:07.

The entry was discovered by Clair Hickman of Rogers RD 1, the first employe to report for work this morning.

Trial Will Begin Monday In 1964 Shooting Deaths

A trial will begin Monday at Beaver in the case of Mrs. Mary Zlatovich of Ohioville Borough, charged with the fatal shooting of four of her young children in 1964.

Mrs. Zlatovich, who was 24 at the time, has been in Dixmont State Hospital or the Beaver County Jail since. The defense will base its case on "insanity."

Judge James E. Rowley, who will preside, issued an order Tuesday directing the county to pay all expenses incurred by Mrs. Zlatovich, including the fees of five doctors, psychiatrists and psychologists.

The judge also ordered all statements and reports of witnesses be made available to Atty. Henry J. Albaugh, defense counsel.

Iron Hand On Commitments Eyed

Hearings Appear Ended On Tonkin Gulf Incident

WASHINGTON (AP) — The Senate Foreign Relations Committee reportedly plans no further hearings on the disputed Gulf of Tonkin incidents.

It will push instead, a committee source says, for asserting a congressional iron hand over U.S. military commitments.

In questioning Secretary of Defense Robert S. McNamara last week the committee chairman, Sen. J. W. Fulbright, D-Ark., indicated he might want to call more witnesses. But the sources said the senator had changed his mind.

"Unless the administration trots out more celebrities to be interviewed, the committee won't go any further," the sources said referring to interviews granted recently by Capt. John J. Herrick, who commanded the two destroyers involved in the Tonkin incidents.

"Sen. Fulbright is quite satisfied that the committee has made its point. That was to make clear that the Gulf of Tonkin incident lifted from Congress and the public the right to debate the issues in Vietnam."

Congress, with Fulbright leading the way, passed a resolution empowering the President "to take all necessary measures" to prevent further aggression after the two destroyers reported they were attacked in the gulf by North Vietnamese boats.

President Johnson and top aides have frequently cited the 1964 resolution as authority for subsequently increasing U.S. involvement in Vietnam.

Pained at this interpretation,, the Foreign Relations Committee last November passed a national commitments resolution. Fulbright will take it to the Senate floor next month.

Joint resolutions such as those pertaining to Formosa, the Middle East and the Gulf of Tonkin are a proper method of granting authority, provided that they are precise as to what is to be done and for what period of time, and provided that they do in fact grant authority and not merely express approval of undefined action to be taken by the President, the resolution says.

It would require that Congress, in considering resolutions "involving the use or possible use of the armed forces":

—Debate the proposal at sufficient length to establish a legislative record showing the intent of Congress;

—Use the words "authorize" or "empower" to leave no doubt that Congress alone has the constitutional right to authorize initiation of war and that, in granting the President authority to use the armed forces Congress is granting power that he would not otherwise have;

—State in the resolution as explicitly as possible the kind of military action that is being authorized;

—Put a time limit on the resolution, thereby assuring Congress the opportunity to review its decision and extend or terminate the President's authority to use military force.

"It was a committee decision to hear only the Defense Department," said the committee source. "By calling the commander of the ship, and the various officers and men involved, we would be turning the inquiry into an investigation."

2 Drivers Fined $15 On Speeding Charges

Two drivers who pleaded guilty on speeding charges filed by the Ohio Highway Patrol were fined $15 and costs each today in Municipal Court by Acting Judge Robert A. Kapp.

The patrol identified the defendants as:

Bramer, 36, of Youngstown, arrested Saturday at 1:40 p. m. on a charge of driving 60 miles an hour in a 45-mile zone on old Route 30.

Shriver Due New Post As Ambassador

WASHINGTON (AP) — Sargent Shriver's absence from the Illinois Democratic slate for this fall's elections is spurring speculation here the antipoverty chief may be appointed ambassador to France.

Shriver, 52, the former Peace Corps director who is the brother-in-law of Sens. Robert F. and Edward M. Kennedy, once appeared a likely choice for the Illinois Democratic party's nomination for either governor or U.S. senator.

But shortly after Illinois Democratic leaders announced their choice Tuesday of a Shriver-less slate, the rumor spread quickly in Washington that President Johnson would nominate the director of the Office of Economic Opportunity for the Paris post.

In Austin, Tex., White House press secretary George Christian said he had no information on moves involving Shriver. An OEO spokesman said there was no truth to the rumors.

It was understood, however, that President Johnson offered Shriver the Paris post several weeks ago but Shriver said he did not want to make up his mind at the time. The President is said to have told Shriver he would not fill the post immediately.

In an Associated Press interview a little more than a year ago, Shriver indicated he would not be adverse to being named to an ambassadorship.

Illinois Democratic party leaders chose state Atty. Gen. William G. Clark to be the party's nominee for U.S. senator and Lt. Gov. Samuel H. Shapiro for the governorship race.

Through a spokesman in the Office of Economic Opportunity, Shriver said he was not offered either nomination. He did not go to Chicago during the weekend to ask the party's backing for either post.

Clark will oppose Republican incumbent Sen. Everett M. Dirksen, who has announced he'll seek re-election and who has been friendlier to Johnson than many others in the Senate, including Democrats.

Some Capitol Hill sources said they felt that if Johnson had backed Shriver for either the governor or Senate nominations have named him to the slate.

The other man jumped over the tellers' partition and scooped up money from the cash drawers.

The holdup was at the Mellon Bank branch in the Lower Hill district.

Immigration Bill Due For Britain Okay

LONDON (AP) — The Labor government's emergency bill to restrict colored immigration to Britain from East Africa was headed today for speedy passage into law after receiving overwhelming approval in the House of Commons.

Despite loud censure of the immigration bill from liberals, both Laborite and Conservative legislators paid heed to the urban masses who fear the competition for housing and jobs from colored immigrants from Commonwealth countries.

The vote in Commons on the crucial second reading of the bill Tuesday night was 372-62, with about 180 members abstaining or staying away. The opposing votes came from 35 Laborites, 15 Conservatives, 10 Liberals and the two nationalist members from Scotland and Wales.

The House heard the result in silence, with no expression of victory or jubilation.

After speedy approval in Commons on third reading and in the House of Lords, the bill was expected to get the royal assent of Queen Elizabeth II and become law by Thursday evening.

The bill is the result of a flood of immigrants of Indian and Pakistani origin who are being driven out of Kenya by new laws discriminating against non-Africans. Some 100,000 Indians and Pakistanis in Kenya chose to retain British citizenship when the East African territory became independant at the end of 1963. Almost all of them were born in Kenya and have never seen Britain, India or Pakistan.

How Can I?

By ANNE ASHLEY

Q. — How can I easily remove fingermarks from piano keys?

A. — An ideal instrument for this is an ordinary pencil eraser. It fits easily between the black keys and gets into all the corners. For especially difficult spots requiring cleaning fluid, just wrap the eraser with a cloth soaked in the fluid. The eraser will make the application of the fluid easier in the hard-to-get-at spots.

Q. — How can I go about shrinking colored cottons and linens?

A. — Soak in cold water for three to four hours. Squeeze out the water, but don't wring the fabric. Hang on a clothesline, or if you have a dryer, dry there with several dry turkish towels that will buffer the fabric as it tumble-dries.

Q. — How can I eliminate the rather unpleasant odor when cooking shrimp?

A. — One way is to drop a stick of cinnamon into the water in which you are boiling the shrimp. This dispels the smell and still does not affect the taste.

Teacher Strike Set For Tonight At Pittsburgh

PITTSBURGH (AP) — The threat of a teachers' strike hung over the nation's steelmaking center today with about a third of its 3,300 public school teachers poised for a midnight strike deadline.

The Pittsburgh Federation of Teachers, rebuffed by the Board of Education in its demand for a collective bargaining election, said it had no choice but to pull its 1,000 members out of the classrooms.

School Superintendent Dr. Sidney P. Marland, following a meeting Tuesday between the board and federation officials, said: "Unfortunately we can see no way of reconciliation on this issue. It would seem the only bitter alternative is a strike."

The board said it planned to hold classes for the city's 80,000 public school children with nonstriking teachers' substitutes, administrators and volunteers.

The Pittsburgh Teacher Education Association, representing 1,900 teachers, said it would not support the walkout, which would be the first by teachers in the city's history.

However, federation President Albert Fondy said he was confident the majority of PTEA members would respect the picket lines.

Iron Hand On Commitments Eyed

Hearings Appear Ended On Tonkin Gulf Incident

WASHINGTON (AP) — The Senate Foreign Relations Committee reportedly plans no further hearings on the disputed Gulf of Tonkin incidents.

It will push instead, a committee source says, for asserting a congressional iron hand over U.S. military commitments.

In questioning Secretary of Defense Robert S. McNamara last week the committee chairman, Sen. J. W. Fulbright, D-Ark., indicated he might want to call more witnesses. But the sources said the senator had changed his mind.

"Unless the administration trots out more celebrities to be interviewed, the committee won't go any further," the sources said referring to interviews granted recently by Capt. John J. Herrick, who commanded the two destroyers involved in the Tonkin incidents.

"Sen. Fulbright is quite satisfied that the committee has made its point. That was to make clear that the Gulf of Tonkin incident lifted from Congress and the public the right to debate the issues in Vietnam."

Congress, with Fulbright leading the way, passed a resolution empowering the President "to take all necessary measures" to prevent further aggression after the two destroyers reported they were attacked in the gulf by North Vietnamese boats.

President Johnson and top aides have frequently cited the 1964 resolution as authority for subsequently increasing U.S. involvement in Vietnam.

Pained at this interpretation,, the Foreign Relations Committee last November passed a national commitments resolution. Fulbright will take it to the Senate floor next month.

Joint resolutions such as those pertaining to Formosa, the Middle East and the Gulf of Tonkin are a proper method of granting authority, provided that they are precise as to what is to be done and for what period of time, and provided that they do in fact grant authority and not merely express approval of undefined action to be taken by the President, the resolution says.

It would require that Congress, in considering resolutions "involving the use or possible use of the armed forces":

—Debate the proposal at sufficient length to establish a legislative record showing the intent of Congress;

—Use the words "authorize" or "empower" to leave no doubt that Congress alone has the constitutional right to authorize initiation of war and that, in granting the President authority to use the armed forces Congress is granting power that he would not otherwise have;

—State in the resolution as explicitly as possible the kind of military action that is being authorized;

—Put a time limit on the resolution, thereby assuring Congress the opportunity to review its decision and extend or terminate the President's authority to use military force.

"It was a committee decision to hear only the Defense Department," said the committee source. "By calling the commander of the ship, and the various officers and men involved, we would be turning the inquiry into an investigation."

2 Drivers Fined $15 On Speeding Charges

Two drivers who pleaded guilty on speeding charges filed by the Ohio Highway Patrol were fined $15 and costs each today in Municipal Court by Acting Judge Robert A. Kapp.

The patrol identified the defendants as:

Jack W. Smith, 18, of 311 Campground Rd., Wellsville, cited Sunday at 10:34 p.m. on a charge of driving 50 miles an hour in a 35-mile zone on St. Clair Ave., and Dan F. Bramer, 36, of Youngstown, arrested Saturday at 1:40 p. m. on a charge of driving 60 miles an hour in a 45-mile zone on old Route 30.

The Municipal Civil Service Commission said today it will conduct an examination March 26 at 7 p. m. at City Hall to draw up a new eligibility list for appointment of city firemen.

Applications may be filed until noon March 16, the commission said. The posts pay $416 monthly for the first six months. Then the pay advances to $457.

The commission said applications may be obtained at the office of Mayor George E. Willshaw or from any member of the commission, which is comprised of H. A. Tullis, A. A. Fiorello and T. W. Phillips. P. K. Calhoon is clerk.

Shriver Due New Post As Ambassador

WASHINGTON (AP) — Sargent Shriver's absence from the Illinois Democratic slate for this fall's elections is spurring speculation here the antipoverty chief may be appointed ambassador to France.

Shriver, 52, the former Peace Corps director who is the brother-in-law of Sens. Robert F. and Edward M. Kennedy, once appeared a likely choice for the Illinois Democratic party's nomination for either governor or U.S. senator.

But shortly after Illinois Democratic leaders announced their choice Tuesday of a Shriver-less slate, the rumor spread quickly in Washington that President Johnson would nominate the director of the Office of Economic Opportunity for the Paris post.

In Austin, Tex., White House press secretary George Christian said he had no information on moves involving Shriver. An OEO spokesman said there was no truth to the rumors.

It was understood, however, that President Johnson offered Shriver the Paris post several weeks ago but Shriver said he did not want to make up his mind at the time. The President is said to have told Shriver he would not fill the post immediately.

In an Associated Press interview a little more than a year ago, Shriver indicated he would not be adverse to being named to an ambassadorship.

Illinois Democratic party leaders chose state Atty. Gen. William G. Clark to be the party's nominee for U.S. senator and Lt. Gov. Samuel H. Shapiro for the governorship race.

Through a spokesman in the Office of Economic Opportunity, Shriver said he was not offered either nomination. He did not go to Chicago during the weekend to ask the party's backing for either post.

Clark will oppose Republican incumbent Sen. Everett M. Dirksen, who has announced he'll seek re-election and who has been friendlier to Johnson than many others in the Senate, including Democrats.

Some Capitol Hill sources said they felt that if Johnson had backed Shriver for either the governor or Senate nominations have named him to the slate.

PITTSBURGH (AP) — Two masked bandits held 19 persons at bay in a bank Tuesday and fled with $790.

The other man jumped over the tellers' partition and scooped up money from the cash drawers.

The holdup was at the Mellon Bank branch in the Lower Hill district.

He discussed courses available and prospects for a proposed vocational high school.

Immigration Bill Due For Britain Okay

LONDON (AP) — The Labor government's emergency bill to restrict colored immigration to Britain from East Africa was headed today for speedy passage into law after receiving overwhelming approval in the House of Commons.

Despite loud censure of the immigration bill from liberals, both Laborite and Conservative legislators paid heed to the urban masses who fear the competition for housing and jobs from colored immigrants from Commonwealth countries.

The vote in Commons on the crucial second reading of the bill Tuesday night was 372-62, with about 180 members abstaining or staying away. The opposing votes came from 35 Laborites, 15 Conservatives, 10 Liberals and the two nationalist members from Scotland and Wales.

The House heard the result in silence, with no expression of victory or jubilation.

After speedy approval in Commons on third reading and in the House of Lords, the bill was expected to get the royal assent of Queen Elizabeth II and become law by Thursday evening.

The bill is the result of a flood of immigrants of Indian and Pakistani origin who are being driven out of Kenya by new laws discriminating against non-Africans. Some 100,000 Indians and Pakistanis in Kenya chose to retain British citizenship when the East African territory became independant at the end of 1963. Almost all of them were born in Kenya and have never seen Britain, India or Pakistan.

How Can I?

By ANNE ASHLEY

Q. — How can I easily remove fingermarks from piano keys?

A. — An ideal instrument for this is an ordinary pencil eraser. It fits easily between the black keys and gets into all the corners. For especially difficult spots requiring cleaning fluid, just wrap the eraser with a cloth soaked in the fluid. The eraser will make the application of the fluid easier in the hard-to-get-at spots.

Q. — How can I go about shrinking colored cottons and linens?

A. — Soak in cold water for three to four hours. Squeeze out the water, but don't wring the fabric. Hang on a clothesline, or if you have a dryer, dry there with several dry turkish towels that will buffer the fabric as it tumble-dries.

Q. — How can I eliminate the rather unpleasant odor when cooking shrimp?

A. — One way is to drop a stick of cinnamon into the water in which you are boiling the shrimp. This dispels the smell and still does not affect the taste.

Teacher Strike Set For Tonight At Pittsburgh

PITTSBURGH (AP) — The threat of a teachers' strike hung over the nation's steelmaking center today with about a third of its 3,300 public school teachers poised for a midnight strike deadline.

The Pittsburgh Federation of Teachers, rebuffed by the Board of Education in its demand for a collective bargaining election, said it had no choice but to pull its 1,000 members out of the classrooms.

School Superintendent Dr. Sidney P. Marland, following a meeting Tuesday between the board and federation officials, said: "Unfortunately we can see no way of reconciliation on this issue. It would seem the only bitter alternative is a strike."

The board said it planned to hold classes for the city's 80,000 public school children with non-striking teachers' substitutes, administrators and volunteers.

The Pittsburgh Teacher Education Association, representing 1,900 teachers, said it would not support the walkout, which would be the first by teachers in the city's history.

However, federation President Albert Fondy said he was confident the majority of PTEA members would respect the picket lines.

Pay Boosted In Wellsville School Posts

Five Wellsville school secretaries are working under a new salary increase schedule which was approved by the board of education Friday night and revealed this week.

The increases ranged from $775 to $2,040 a year, and are retroactive to Jan. 1.

The schedule provides a maximum increase of $775 for the elementary school secretaries, Mrs. Jeri Ferrall and Mrs. Sondra Miller; $1,100 increase for Mrs. Natalie Lewis, assistant secretary to Supt. Don Lowe; $1,373 increase for the high school secretary, Mrs. Wanda Hanlon, and a $2,040 increase for Mrs Martha Ralston, secretary to Lowe.

The salaries for the women, with the previous salary in parentheses, are: Mrs. Ralston $5,702 ($4,428); Mrs. Hanlon $4,097; Mrs. Lewis $4,592 ($3,800), and Mrs. Miller $3,123 ($2,600).

The postion of assistant secretary to Lowe was created during the board meeting Feb. 12. Mrs. Lewis was named to fill the position, and her post at the Garfield and Fairview Schools was filled by Mrs. Ferrall, who was employed by the Neighborhood Youth Office and federal programs.

Annual increases for experience up to 10 years are approximately $200 for the superintendent's secretary, $150 for the high school secretary and $100 for the elementary secretaries.

The new schedule was determined by basing the superintendent's secretary's salary on that of a non-degree teacher. The high school secretary will receive 80 per cent of that figure, and the elementary secretaries 58 per cent. Secretaries at the superintendent's office and high school work 12 months a year.

Sports Whirled

By TURK PIERCE
Review Sports Editor

This year's WPIAL basketball tournament promises to be one of the most interesting ever.

Last year Ambridge was an odds-on favorite to win, in 1965 Midland was a clearcut choice, in other years Uniontown or Farrell were picked to go all the way, and did. The tournament usually follows form, a notable exception being in 1961 when Mt. Lebanon upset the three best teams in the WPIAL, but ran out of gas in PIAA play.

This year the tournament is a wide-open scramble. Laurel Highlands is a shaky favorite, with unbeaten Mt. Lebanon, Monac, unbeaten Donora and the winner of the Ambridge-Farrell game all strong contenders. A darkhorse possibility is Penn Hills. Monac's lone loss was to Laurel Highlands in pre-season play, the Highlanders lost only to Sharon and Uniontown, but Penn Hills fell to Latrobe, Aliquippa, and Mt. Lebanon in pre-season play and dropped league contests to Churchill, Wilkinsburg and Gateway. Aliquippa lost to Duquesne, East Liverpool, Farrell and Ambridge, while Farrell was beaten by Massillon, Schenley, Aliquippa and Ambridge.

THE OTHER teams in the tournament have to be considered long shots, even unbeaten Montour. Latrobe, which lost only to Coatesville, Jeannette and Derry, is strong if it has Tom Mueseler, but a knee injury sidelined Mueseler for the last two losses. New Kensington recovered from the death of a player to win Section 1 in a playoff with Har-Brack. The two teams split during regular season and New Kensington lost to Penn Hills in pre-season play.

Duquesne, which appeared in the Midland Tournament, lost there to New Castle, and also to New Kensington, Donora, Penn Hills and McKeesport.

Section 3, the traditional powerhouse of the WPIAL, does not have as strong a representative this year as some years, but the WPIAL committee "seeded" the section 3 winner, along with Donora, Laurel Highlands and Mt. Lebanon.

THE COMMITTEE showed its disdain for Montour's unbeaten by pitting the Spartans against Mt. Lebanon in the first round, figuring, rightly so, that a Mt. Lebanon game against Laurel Highlands would be more attractive semi-final than Mt. Lebanon-Montour.

Monac was the team overlooked by the committee. The Indians are in the same bracket as Mt. Lebanon.

No matter how the tournament was set up, however, almost every game should be a good one, with no prohibitive favorites. A flyer on the finals would be Laurel Highlands and Donora, but neither is close to a sure thing.

Hayes Only Unanimous All-Star Team Choice

NEW YORK (AP) — Elvin Hayes, 6-foot-9 star of top-ranked Houston, is the only unanimous choice of the 12 National Basketball Association coaches as their second college All-Star selection, Associated Press learned today.

Trailing Hayes were 7-1 Lew Alcindor of UCLA, with 11 first team votes and one second team, and 6-8 Pervis Ellison of Louisville, with 10 firsts and two seconds. All three are repeaters from last year's team.

Rounding out the coaches' first team are 6-4 Rick Barry of Dayton and 6-5 Pete Maravich of Louisiana State, the nation's leading scorer and only sophomore on the first unit. Both received five first-team votes.

Maravich, a junior, the other repeater on the second team selection, is the nephew of Press Maravich, Miller of [illegible] sophomores Calvin Murphy of Niagara, 6-3 junior Jo Jo White of Kansas, 6-11 sophomore Bob Lanier of St. Bonaventure and 6-9 senior Don Smith of Iowa State.

Honorable mention went to Lucius Allen, UCLA; Mike Lewis, Duke; Butch Beard, Louisville; Henry Logan, Western Carolina; Charlie Scott, North Carolina; Simmie Hill, West Texas State; Mary Jackson, Utah State; Rod Williams, West Virginia; Tom Boerwinkle, Tennessee, and Harry Hollines, Denver.

Big Red, Central Win Decisively

By TURK PIERCE
Review Sports Editor

Wellsville, despite a game as rough as the road between Empire and Toronto, beat Jefferson Union 65-55 in the opening game of the Steubenville AA basketball tournament at the Steubenville Arena last night.

Steubenville beat Wintersville 68-47 and Steubenville Central topped Toronto 78-52 in the other two games of the evening to join Wellsville and East Liverpool in the semi-finals tomorrow night.

Wellsville coach Bob Dawson was happy but a little disgusted with his team's effort. He cited turnovers (Wellsville committed 18 to 9 for JU) as one failing. The Tigers used their long suit rebounding, to good advantage, however, as they outrebounded the Yellowjackets 76-47.

Tom McClain was outstanding for the winners, scoring 25 points and grabbing 24 rebounds. Jerry Wyse added 11 points and Mark Powell 11 rebounds. Aaron Roach came off the bench to do a fine job with nine points and nine rebounds. Dawson noted that both Roach and Paul Hood had been sick.

Ron Pytash had 14 points to lead Carl Firm's team. Robert (Rabbit) Harris added 10. Pytash and Jim Irvine had 10 rebounds each.

The Yellowjackets built up a 11-6 lead, but the Tigers roared back with 6 in a row to go ahead. The lead changed hands five times in the second period. JU's last lead was at 22-20 in the third period, but Wellsville could not pull away. The Bengals widened the margin to 46-38 early in the last period, but JU came back with seven straight points to close the gap again. With the margin 49-47 McClain made a three - point play, Wyse sunk a foul, Roach made a fantastic driving shot on a fast break and then added a foul to make it 55-47.

Again the Yellowjackets fought back, narrowing the gap to 57-53 with 1:15 to go. But four points by Hood wrapped it up for the Tigers, who are now 9-10 on the year.

Wintersville gave Steubenville a stubborn battle until midway in the third period when the winners, up only 29-28, ran off 10 straight points and gradually widened the margin from then on. Jim Smith had 29 for the winners and Lucius Treadway, in his first varsity appearance, 11. Ken Dixon had 14 and Pat Nuzum 12 for the losers.

Ray Szypulski and Dave Suba had 20 each to pace Steubenville Central, with Jim Fonow adding 12 and Joe DiAlbert, coming off the bench in the final period, 11. Paul Kalivoda of Toronto took game honors with 24, 23 in the second half, and Bill Fisher added 15, 13 in the first half.

Attendance for the triple-header was 3,000.

Aliquippa's Calabria Helps Iowa Top Big 10

By The Associated Press

Any resemblance between the Big Ten, Big Eight and Southwest Conference basketball standings of Tuesday and Wednesday is purely accidental

The Big Ten, which had a two-way tie, now has Iowa all alone at the top. The Big Eight, which also had a two-way tie, shows Kansas State in the lead but four teams bunched within one game of each other. And Texas, which had been the Southwest leader, slipped into a three-way deadlock with Baylor and Texas Christian.

While those three leagues were trying to determine their representatives in the NCAA tournament, two tourney-bound teams were in action Tuesday night. All Top Ten clubs in the Associated Press Poll were idle.

At New York, NCAA-bound St. John's jolted National Invitation Tournament hopeful Holy Cross 83-67 in a sloppily-played game, despite 31 points by the losers' Keith Hochstein.

At South Bend, Ind., Bob Arnzen and Bob Whitemore combined for 63 points and led NIT-bound Notre Dame past Valparaiso 87-75. The 6-foot-5 Arnzen scored a season's high 35 points while Whitemore had 28 and pushed his two-year total to 1,-683.

Three other teams continued their efforts to impress the NIT selection committee. Villanova, with Johnny Jones sinking eight straight shots in the first half and scoring 30 points, edged Toledo 71-69, but almost blew a seven-point lead in the last two minutes in its own field house.

Sophomore Chad Calabria, a 6-1 guard, scored 11 quick points as Iowa took a 14-3 lead over Michigan State and rolled to a 76-53 victory at Iowa City. Calabria finished with 25 points and Sam Williams added 22 as the Hawkeyes took a half-game lead over idle Ohio State and a full game over Purdue, which lost to Michigan 104-94.

A 52.4 per cent shooting mark and Rick Mount's 35 points were not enough for Purdue. The Boilermakers made only six of 12 free throws while Michigan connected on 29 of 31. Rudy Tomjanovich scored 30 points as the Wolverines dedicated their new University Events Arena.

Kansas State took over the Big Eight lead by whipping Missouri 70-63, while Kansas bowed to Nebraska 76-69 and Iowa State was idle. The standings State 7-3, Nebraska 8-4 and Kansas 7-4.

Kansas State took over the Big Eight lead by whipping Missouri 70-63, while Kansas bowed to Nebraska 76-69 and Iowa State was idle. The standings show Kansas State at 8-3, Iowa State 7-3, Nebraska 8-4 and Kansas 7-4.

Steve Honeycutt scored 27 points and 7-1 Nick Pino grabbed 16 rebounds to spark Kansas State past Missouri. The Wildcats are at Iowa State next Monday in a key battle.

Stu Lantz scored 23 points as Nebraska dropped Kansas from its share of the lead. But the big surprise was Bob Gratopp, a 6-6 sophomore, who netted 21 points and hauled down 13 rebounds against the taller Jayhawks.

The three-way tie in the Southwest's annual rodeo came about when Texas Christian beat Texas 71-65 and Baylor defeated Arkansas 71-64. The three leaders have 8-5 records. Texas A&M missed a chance to make it a four-way deadlock by dropping an 82-81 double overtime game to Texas Tech.

Muskies Top Kentucky Despite Carrier's Shots

By The Associated Press

Darel Carrier was deadly from a distance but it was Minnesota's close-up accuracy that helped the Muskies beat Kentucky.

Minnesota dropped Kentucky 102-93 and Anaheim stormed by Dallas 132-110 in the American Basketball Association Tuesday night.

In the NBA, St. Louis whipped New York 102-102, Philadelphia bombed San Francisco 127-107 and Los Angeles defeated Cincinnati 137-120.

Carrier hit five three-point baskets from beyond the 25-foot mark for Kentucky but Minnesota's free throw shooting got the Muskies past the Colonels. The Muskies canned 43 of 55 free throws.

Minnesota snapped off seven straight points in the final 5½ minutes, knotting a tie and coming past Kentucky. Mel Daniels lead Minnesota with 27 points and Errol Palmer had 20. Carrier finished with 29 for the Colonels.

Anaheim turned a six-point halftime lead into a 99-83 bulge after three quarters and coasted by Dallas as Ron Warley finished with 30 points. Glen Powell had 25 and Charles Beasley 23 for the Chaparrals.

Bruins Defeat Penguins

PITTSBURGH (AP) — The Boston Bruins, who haven't reached the National Hockey League's Stanley Cup playoffs in nine years, have taken another big step toward making it this year.

Skip Krake's goal while the Bruins were shorthanded ignited Biston to a 5-3 victory over the expansion Pittsburgh Penguins Tuesday night, leaving the Bruins with a hefty 11-point lead on Toronto in the battle for the last playoff spot in the East Division.

Pittsburgh, meanwhile took another step backward in its bid to catch St. Louis for the last playoff position in the West Division. The Penguins are a point out of fourth place, but have played two games more than St. Louis.

Ken Hodge paced the Boston assault on Pittsburgh goalie Les Binkley with a pair of second-period scores. John McKenzie and Fred Stanfield also scored for the Bruins while George Konik, Bob Rivard and Paul Andrea registered goals for Pittsburgh.

Tickets On Sale At Wellsville

Tickets for tomorrow night's Steubenville Class AA basketball semi - finals are on sale at the high school office at Wellsville High.

Wellsville meets East Liverpool in the 7 p.m. opener and Steubenville and Steubenville Central clash in the nightcap.

Findlay, Defiance Host NAIA

FINDLAY, Ohio (AP) — The National Association of Intercollegiate Athletics (NAIA) District 22 basketball playoffs will be held March 4-5 at Findlay and Defiance colleges.

Findlay will play host to Ohio Northern at 8 p. m. Monday, March 4 while Defiance entertains Central State the same time.

Should both Defiance and Findlay triumph, the championship will be played at Defiance March 5. If both lose, the title game is set for Ohio Northern.

Findlay (18-4) and Defiance (20-5) are currently locked in a struggle for the Mid-Ohio Conference title. Ohio Northern has a 15-10 record while Central State is 20-4.

The District 22 champion advances to the NAIA title tournament at Kansas City in mid-March.

Four-Way Tie For Top In Cage Loop

Two upsets in last night's action forced a four-way tie for first in the YMCA Adult Cage League.

Previous co-leaders Johnson's and Cline's were dumped by Conkle's and Stepien's, and Wolfe's picked up a forfeit over Gabbert's. Johnson's, Cline's, Stepien's and Wolfe's are now all 4-3, with Gabbert's 3-4 and Conkle's 2-5.

Conkle's beat Johnson's 67-54 with Jerry Howell and Gary Stelten scoring 25 each for the winners and Bill Taylor netting 25 for the losers.

Stepien's edged Cline's 71-68 with John Stepien scoring 19 for the winners and Wayne Cline 28 for the losers.

Dick Penrod of Elkhart, Ind., is the tallest player on East Virginia's basketball team. He's 6-7.

McClain Leads Wellsville Over JU In Tourney 65-55

Sports Whirled

By TURK PIERCE
Review Sports Editor

This year's WPIAL basketball tournament promises to be one of the most interesting ever.

Last year Ambridge was an odds-on favorite to win, in 1965 Midland was a clearcut choice, in other years Uniontown or Farrell were picked to go all the way, and did. The tournament usually follows form, a notable exception being in 1961 when Mt. Lebanon upset the three best teams in the WPIAL, but ran out of gas in PIAA play.

This year the tournament is a wide-open scramble. Laurel Highlands is a shaky favorite, with unbeaten Mt. Lebanon, Monac, unbeaten Donora and the winner of the Ambridge-Farrell game all strong contenders. A darkhorse possibility is Penn Hills. Monac's lone loss was to Laurel Highlands in pre-season play, the Highlanders lost only to Sharon and Uniontown, but Penn Hills fell to Latrobe, Aliquippa, and Mt. Lebanon in pre-season play and dropped league contests to Churchill, Wilkinsburg and Gateway. Aliquippa lost to Duquesne, East Liverpool, Farrell and Ambridge, while Farrell was beaten by Massillon, Schenley, Aliquippa and Ambridge.

THE OTHER teams in the tournament have to be considered long shots, even unbeaten Montour. Latrobe, which lost only to Coatesville, Jeannette and Derry, is strong if it has Tom Mueseler, but a knee injury sidelined Mueseler for the last two losses. New Kensington recovered from the death of a player to win Section 1 in a playoff with Har-Brack. The two teams split during regular season and New Kensington lost to Penn Hills in pre-season play.

Duquesne, which appeared in the Midland Tournament, lost there to New Castle, and also to New Kensington, Donora, Penn Hills and McKeesport.

Section 3, the traditional powerhouse of the WPIAL, does not have as strong a representative this year as some years, but the WPIAL committee "seeded" the section 3 winner, along with Donora, Laurel Highlands and Mt. Lebanon.

THE COMMITTEE showed its disdain for Montour's unbeaten by pitting the Spartans against Mt. Lebanon in the first round, figuring, rightly so, that a Mt. Lebanon game against Laurel Highlands would be more attractive semi-final than Mt. Lebanon-Montour.

Monac was the team overlooked by the committee. The Indians are in the same bracket as Mt. Lebanon.

No matter how the tournament was set up, however, almost every game should be a good one, with no prohibitive favorites. A flyer on the finals would be Laurel Highlands and Donora, but neither is close to a sure thing.

Hayes Only Unanimous All-Star Team Choice

NEW YORK (AP) — Elvin Hayes, 6-foot-8 star of top-ranked Houston, is the only unanimous choice of the 12 National Basketball Association coaches on their annual college All-Star team announced today.

Rounding out the coaches' first team are 6-4 Don May of Dayton and 6-5 Pete Maravich of Louisiana State, the nation's leading scorer and only sophomore on the first unit. Both received five first-team votes.

Alcindor is a junior, the others seniors.

Named to the second team were 6-4 senior Larry Miller of North Carolina, 6-5-10 sophomore Calvin Murphy of Niagara, 6-3 junior Jo Jo White of Kansas, 6-11 sophomore Bob Lanier of St. Bonaventure and 6-8 senior Don Smith of Iowa State.

Big Red, Central Win Decisively

By TURK PIERCE

Wellsville, despite a game as rough as the road between Empire and Toronto, beat Jefferson Union 65-55 in the opening game of the Steubenville AA basketball tournament at the Steubenville Arena last night.

Steubenville beat Wintersville 68-47 and Steubenville Central topped Toronto 78-52 in the other two games of the evening to join Wellsville and East Liverpool in the semi-finals tomorrow night.

Wellsville coach Bob Dawson was happy but a little disgusted with his team's effort. He cited turnovers (Wellsville committed 18 to 9 for JU) as one failing. The Tigers used their long suit rebounding, to good advantage, however, as they outrebounded the Yellowjackets 70-47.

Tom McClain was outstanding for the winners, scoring 25 points and grabbing 24 rebounds. Jerry Wyse added 11 points and Mark Powell 11 rebounds. Aaron Roach came off the bench to do a fine job with nine points and nine rebounds. Dawson noted that both Roach and Paul Hood had been sick.

Ron Pytash had 14 points to lead Carl Firm's team. Robert (Rabbit) Harris added 10. Pytash and Jim Irvine had 10 rebounds each.

The Yellowjackets built up a 11-6 lead, but the Tigers roared back with 6 in a row to go ahead. The lead changed hands five times in the second period. JU's last lead was at 32-30 in the third period, but Wellsville could not pull away. The Bengals widened the margin to 46-38 early in the last period, but JU came back with seven straight points to close the gap again. With the margin 46-47 McClain made a three - point play, Wyse sunk a foul, Roach made a fantastic driving shot on a fast break and then added a foul to make it 55-47.

Again the Yellowjackets fought back, narrowing the gap to 57-53 with 1:15 to go. But four points by Hood wrapped it up for the Tigers, who are now 9-10 on the year.

Wintersville gave Steubenville a stubborn battle until midway in the third period when the winners, up only 29-28, ran off 10 straight points and gradually widened the margin from then on. Jim Smith had 29 for the winners and Lucius Treadway, in his first varsity appearance, 11. Ken Dixon had 14 and Pat Nuzum 12 for the losers.

Ray Szypulski and Dave Suba had 20 each to pace Steubenville Central, with Jim Fonow adding 12 and Joe DiAlbert, coming off the bench in the final period, 11. Paul Kalivoda of Toronto took game honors with 24, 23 in the second half, and Bill Fisher added 15, 13 in the first half.

Aattendance for the tripleheader was 3,080.

Aliquippa's Calabria Helps Iowa Top Big 10

By The Associated Press

Any resemblance between the Big Ten, Big Eight and Southwest Conference basketball standings of Tuesday and Wednesday is purely accidental

The Big Ten, which had a two-way tie, now has Iowa all alone at the top. The Big Eight, which also had a two-way tie, shows Kansas State in the lead but four teams bunched within one game of each other. And Texas, which had been the Southwest leader, slipped into a three-way deadlock with Baylor and Texas Christian.

While those three leagues were trying to determine their representatives in the NCAA tournament, two tourney-bound teams were in action Tuesday night. All Top Ten clubs in the Associated Press Poll were idle.

At New York, NCAA-bound St. John's jolted National Invitation Tournament hopeful Holy Cross 83-67 in a sloppily-played game, despite 31 points by the losers' Keith Hochstein.

At South Bend, Ind., Bob Arnzen and Bob Whitemore combined for 63 points and led NIT-bound Notre Dame past Valparaiso 87-75. The 6-foot-5 Arnzen scored a season's high 35 points while Whitmore had 28 and pushed his two-year total to 1,023.

Three other teams continued their efforts to impress the NIT selection committee. Villanova, with Johnny Jones sinking eight straight shots in the first half and scoring 30 points, edged Toledo 71-69, but almost blew a seven-point lead in the last two minutes in its own field house.

Sophomore Chad Calabria, a 6-1 guard, scored 11 quick points as Iowa took a 14-3 lead over Michigan State and rolled to a 76-58 victory at Iowa City. Calabria finished with 25 points and Sam Williams added 22 as the Hawkeyes took a half-game lead over idle Ohio State and a full game over Purdue, which lost to Michigan 104-94.

A 52.4 per cent shooting mark and Rick Mount's 35 points were not enough for Purdue. The Boilermakers made only six of 12 free throws while Michigan connected on 20 of 31. Rudy Tomjanovich scored 30 points as the Wolverines dedicated their new University Events Arena.

Kansas State took over the Big Eight lead by whipping Missouri 70-63, while Kansas bowed to Nebraska 76-69 and Iowa State was idle. The standings State 7-3, Nebraska 8-4 and Kansas 7-4.

Kansas State took over the Big Eight lead by whipping Missouri 70-63, while Kansas bowed to Nebraska 76-69 and Iowa State was idle. The standings show Kansas State at 8-3, Iowa State 7-3, Nebraska 8-4 and Kansas 7-4.

Steve Honeycutt scored 27 points and 7-1 Nick Pino grabbed 16 rebounds to spark Kansas State past Missouri. The Wildcats are at Iowa State next Monday in a key battle.

Stu Lantz scored 22 points as Nebraska dropped Kansas from its share of the lead. But the big surprise was Bob Gratopp, a 6-4 sophomore, who netted 21 points and hauled down 13 rebounds against the taller Jayhawks.

The three-way tie in the Southwest's annual rodeo came about when Texas Christian beat Texas 71-65 and Baylor defeated Arkansas 71-64. The three leaders have 8-5 records. Texas A&M missed a chance to make it a four-way deadlock by dropping an 83-81 double overtime game to Texas Tech.

Muskies Top Kentucky Despite Carrier's Shots

By The Associated Press

Darel Carrier was deadly from a distance but it was Minnesota's close-up accuracy that helped the Muskies beat Kentucky.

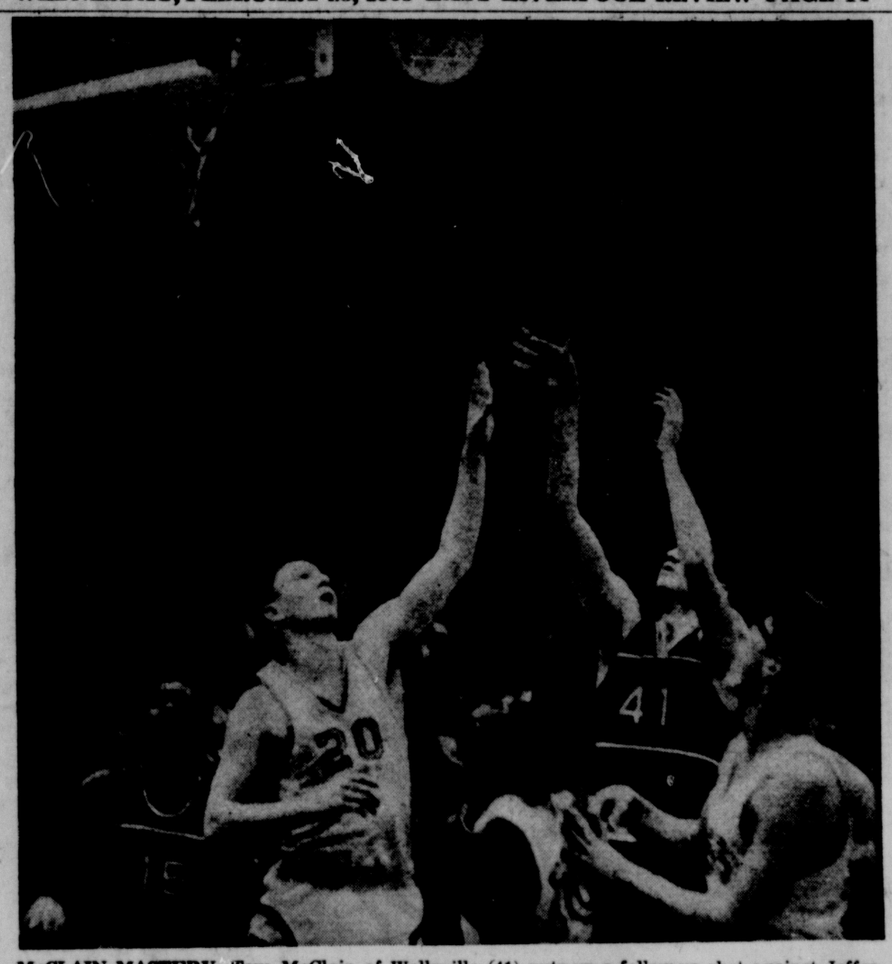
Minnesota dropped Kentucky 102-93 and Anaheim stormed by Dallas 132-110 in the American Basketball Association Tuesday night.

In the NBA, St. Louis whipped New York 108-102, Philadelphia bombed San Francisco 127-107 and Los Angeles defeated Cincinnati 117-106.

Carrier hit five three-point baskets from beyond the 25-foot limit for Kentucky but Minnesota's free throw shooting got the Muskies past the Colonels. The Muskies canned 42 of 56 free throws.

Minnesota snapped off seven straight points in the final 5½ minutes, breaking a tie and easing past Kentucky. Mel Daniels lead Minnesota with 27 points and Errol Palmer had 20. Carrier finished with 29 for the Colonels.

Anaheim turned a six-point halftime lead into a 99-82 bulge after three quarters and coasted by Dallas as Ben Warley finished with 30 points. Cincy Powell had 25 and Charles Beasley 23 for the Chaparrals.



McCLAIN MASTERY. Tom McClain of Wellsville (41) puts up a follow-up shot against Jefferson Union in the opening game of the Steubenville AA basketball tournament last night. Ron Pytash (20) tries to block the shot, while Aaron Roach (15) of Wellsville and Robert (Rabbit) Harris (10) and Jim Irvine (55) of JU await possible rebound. Wellsville won 65-55.

Bruins Defeat Penguins

PITTSBURGH (AP) — The Boston Bruins, who haven't reached the National Hockey League's Stanley Cup playoffs in nine years, have taken another big step toward making it this year.

Skip Krake's goal while the Bruins were shorthanded ignited Biston to a 5-3 victory over the expansion Pittsburgh Penguins Tuesday night, leaving the Bruins with a hefty 11-point lead on Toronto in the battle for the last playoff spot in the East Division.

Pittsburgh, meanwhile took another step backward in its bid to catch St. Louis for the last playoff position in the West Division. The Penguins are a point out of fourth place, but have played two games more than St. Louis.

Ken Hodge paced the Boston assault on Pittsburgh goalie Les Binkley with a pair of second-period scores. John McKenzie and Fred Stanfield also scored for the Bruins while George Konik, Bob Rivard and Paul Andrea registered goals for Pittsburgh.

Tickets On Sale At Wellsville

Tickets for tomorrow night's Steubenville Class AA basketball semi - finals are on sale at the high school office at Wellsville High.

Wellsville meets East Liverpool in the 7 p.m. opener and Steubenville and Steubenville Central clash in the nightcap.

Findlay, Defiance Host NAIA

FINDLAY, Ohio (AP) — The National Association of Intercollegiate Athletics (NAIA) District 22 basketball playoffs will be held March 4-5 at Findlay and Defiance colleges.

Findlay will play host to Ohio Northern at 8 p. m. Monday, March 4 while Defiance entertains Central State the same time.

Should both Defiance and Findlay triumph, the championship will be played at Defiance March 5. If both lose, the title game is set for Ohio Northern.

Findlay (18-4) and Defiance (20-5) are currently locked in a struggle for the Mid-Ohio Conference title. Ohio Northern has a 15-10 record while Central State is 20-4.

The District 22 champion advances to the NAIA title tournament at Kansas City in mid-March.

Four-Way Tie For Top In Cage Loop

Two upsets in last night's action forced a four-way tie for first in the YMCA Adult Cage League.

Previous co-leaders Johnson's and Cline's were dumped by Conkle's and Stepien's, and Wolfe's picked up a forfeit over Gabbert's. Johnson's, Cline's, Stepien's and Wolfe's are now all 4-3, with Gabbert's 3-4 and Conkle's 2-5.

Conkle's beat Johnson's 67-54 with Jerry Howell and Gary Steffen scoring 25 each for the winners and Bill Taylor netting 25 for the losers.

Stepien's edged Cline's 71-68 with John Stepien scoring 19 for the winners and Wayne Cline 28 for the losers.

Dick Penrod of Elkhart, Ind., is the tallest player on East Virginia's basketball team. He's 6-7.

Mantle, Flood Sign Pacts

By HAL BOCK
Associated Press Sports Writer

The psychology of contract negotiations has taken over baseball's spring training camps.

The trick, of course, is for the players to remind the owners how important those hits and shutouts were last season, and for the owners to get off as cheaply as possible for 1968.

Curt Flood and Mickey Mantle headed Tuesday's list of players reaching terms while Cincinnati with Jim Maloney, Vada Pinson and Pete Rose among the dissatisfied, seems to be having the most trouble in the signature derby.

Flood, who hit .335 for the world champion St. Louis Cardinals in 1967, signed for $70,000—a figure he described as "a happy medium" between what he was asking for and what the Cards were offering.

"The price was some place in the middle of what we both put up at first," said Flood.

Price was never a problem for Mantle, the New York Yankees' veteran slugger. He signed his sixth straight $100,000 agreement with a pledge to improve on the .245 batting average and 22 home runs he had last year.

"I think I can hit 30 home runs," said Mantle. "I don't think that's out of the question.

"I can't do any worse than last year," he said.

Phil Seghi, Cincinnati's assistant general manager, said he plans no discussion for two or three days with Maloney, Pinson, Rose, Chico Ruiz, Tommy Helms, Mel Queen and the Reds' other non-signees.

"This is a period of meditation for them," said Seghi.

Clete Boyer has not yet reached terms with Atlanta and when he does, he'll find the Braves' camp a beehive of activity.

"We'll be out on the field from 6 a. m. to 6 p. m. if necessary," said new manager Luman Harris. "Whatever it takes, we'll use."

"Nobody will be idle," Harris promised.

The Yankees eliminated two signing problems by placing injured third baseman Charlie Smith on the restricted list and withdrawing John Boccabella's invitation to training camp.

Smith injured a knee in an off-season accident at home, and is not expected to be ready to work until early April. Boccabella, drafted from the Chicago Cubs, did not sign and was ordered to report to the minor league camp at Hollywood, Fla. next month.

Rick Monday, slugging outfielder of the Oakland Athletics, who led the club in homers and runs batted in last season, was rewarded with what the club called a 110 per cent increase over his rookie salary. The figures were not released.

Utility infielder Frank Quilici signed with Minnesota and outfielders Reggie Smith and Jose Tartabull okayed contracts with Boston.

Alcindor Turns Down Olympic Trial Offer

KANSAS CITY (AP) — Three UCLA stars declined bids to the NCAA's 49-man olympic Trials basketball squad for scholastic reasons, their spokesman says, and any suggestion they are part of a proposed Negro boycott is pure speculation.

The NCAA squad announced Tuesday does include All-Americans Elvin Hayes of unbeaten, top-ranked Houston and Westley Unseld of Louisville's 9th-ranked Missouri Valley champs, plus most of the nation's major college scoring and rebounding leaders, many of them Negroes.

Hayes earlier said he might pass up the Olympics to avoid a late start in pro ball. His collegiate three-year scoring total is second in major college history only to Oscar Robertson of Cincinnati.

The three UCLA stars who declined are 7-foot-1½ Lew Alcindor, also a 10 7 All-American; Mike Warren and Lucious Allen, all key figures in UCLA's unbeaten run to the NCAA crown last year.

Both Alcindor and Allen are juniors. The 49-man squad includes seven juniors, including Creighton's Bob Portman, No. 4 nationally in scoring; and seven sophomores, headed by Pete Maravich of Louisiana State and Calvin Murphy of Niagara, 1-2 on the national scoring table.

An eight-man NCAA committee compiled a list of 145 to 150 players and contacted their schools to determine whether they would accept bids.

"The response was most gratifying," said Walter Byers, NCAA executive director. "This is a tremendous squad.' No count was made of the number of players who declined consideration, but he said they were few.

The squad includes 15 from the NCAA College Division and 23 from the University Division. The coaches for the April 4-5-6 trials are Ray Meyer of DePaul, Tex Winter of Kansas State, John Bach of Fordham and Arad McCutchan of Evansville.

76ers Move Closer To NBA Eastern Title

By ED SCHUYLER JR.
Associated Press Sports Writer

It's a pair of 9s for the Philadelphia 76ers and the New York Knickerbockers. In the pat are playoff positions and money based on the final National Basketball Association regular-season standings.

Philadelphia drew its nine Tuesday night by drubbing San Francisco 137-107. The Knicks kept their nine by losing 103-102 to St. Louis.

The 9s are the won-loss combinations Philadelphia needs for its third straight Eastern Division title and New York needs to grab third in the East for its highest finish since the 1956-59 season when the Knicks were second.

Any combination of Philadelphia victories and or Boston losses would give the 76ers the championship. In New York's case, the combination involves Baltimore, which is fourth, the final playoff spot.

In the only other NBA game Tuesday night, Los Angeles trounced Cincinnati 117-103.

Wilt Chamberlain, who is becoming accustomed to the winner's share of regular-season team money, led Philadelphia to its 58th victory in 81 games by pouring in 33 points, grabbing 31 rebounds and handing out five assists. Chet Walker contributed 30 points and 10 rebounds for the 76ers who increased their lead to 5½ games over second-place Boston. Fred Hetzel scored 30 points for San Francisco, third in the Western Division.

St. Louis, first in the West, got off the 9 kick, reducing its magic number to eight with its victory, which at first looked easy but turned out to be anything but easy.

Wilkens and teammate Zelmo Beatty each scored 26 points. Barnett led New York with 23 and Willis Reed added 21.

Ron Williams Heads All-Southern Team

By ED YOUNG
Associated Press Writer

RICHMOND, Va. (AP) — West Virginia's peerless Ron Williams and players from four other colleges who zoomed to stardom for the first time this season were named Tuesday to the 1968 All-Southern Conference basketball team.

Two sophomores, Mike Maloy of Davidson and Bob Sherwood of William and Mary, and two juniors, Wilton Ford of Richmond and Dick Esleeck of Furman, joined Williams on the all-conference squad.

For Williams, a 6-3 senior who led West Virginia in scoring with a 21.4-point average, in assists, and in general playmaking, it is the third appearance on the All - Southern. He has been one of the SO's top players since his sophomore year and paced WVU to a 17-7 record this winter.

Maloy was the all - around key for Davidson's multi-talented Wildcats as they ran up a 19-4 season record and a 9-1 SC mark that entitled them to top seeding in the league's title tournament opening Thursday.

The 6-6 jumping jack averaged 15.3 points per game and almost 12 rebounds and, next to Williams, was the most popular vote-getter in the All-Southern balltoing among sports writers, radio-tv sportscasters, and conference coaches.

Sherwood led the SC in scoring with a 22.5-point average and ranked No. 3 in the league in rebounding with 11 per game, although W&M finished in eighth place in the regular - season standings.

Ford and Esleeck ranked immediately behind Sherwood and Williams in conference scoring, Ford with a 20.4-point average, Esleeck at 19.7. Both also were the sparkplugs for break-even conference seasons for their teams, which had been regarded as conference weaklings.

Davidson, with so many fine players it could afford to bench a 1967 All - Southern, Rodney Knowles, after mid-season, landed two players on the second team — junior Wayne Huckel and sophomore Doug Cook. VMI seniors John Kemper and Steve Powers, who led the SC in rebounding a second consecutive year, and WVU's junior Carey Bailey, round out the second team.

Ron Williams, West Virginia, 6-3, 190, Sr., Weirton, W. Va.

Carmie B. Sets Mark At Waterford

A new track record for 4½ furlongs was set at Waterford Park Tuesday, the first ladies day of the current early spring meeting.

And to be part of the day, the record was established by a filly who answers to the name of Carmie B. She is a four-year-old who has been consistent in her running ability the past year. Carmie B sprinted out of the gate in the second race and got home in the fast time of :53 seconds flat. The old mark of :53 4-5 was held by four horses, Giver on June 13, 1964, Little Fox on May 29, 1964, Uncle Tot, May 30, 1964, and Miss Atoka on February 21 of this year.

Carmie B was ridden by Jockey James Cuddie on her record - breaking run, and beat Mr. XL and Berman to the wire to complete the second half of the daily double.

The daily double return was $39.80, and the combination was 7 and 7. Larkanson won the first half of the daily double.

Winners Listed In Latest Shoot At Club's Range

Glen Ramsey scored four wins, doubling the next highest score, during the redbird shoot at the Columbiana County Fish and Game Protective Association range Sunday.

Winners of the protector shoot were Rambo and James Lawton with two wins and Ramsey and Ramsey, Landford Blevins and Don Lutsch, George and Harold Cochran, Walton and James Czech and Bill and Larry Cochran with one.

Jerry Cochran won the Annie Oakley event over 19 other contestants.

Attaining the highest score in the women's redbird shoot was Patricia Cochran with three wins. Other winners were Bonnie Lee Cochran and Bonnie Cochran, each with two.

The women's Annie Oakley event was won by Barbara Yarwood.

Paul Saling, president, said John Wilson has received a life membership in the club.

Joe Frazier Belittles Foe Mathis

KIAMESHA LAKE, N.Y. (AP) — The way Joe Frazier talks, Buster Mathis might be better off going home instead of climbing into the Madison Square Garden ring with the Philadelphia slugger next Monday night.

"He's gonna go—and maybe real early," said the 205-pound Frazier, who meets the 245-pound Mathis for the world heavyweight title, New York and Massachusetts version.

"I'm gonna get him sooner or later. It'll be sooner if I catch up to him quick."

Someone mentioned six or seven rounds. Joe just shook his head and said, "I think it will be much earlier."

It could be that Frazier is waging psychological warfare. But the 24-year-old slugger with the 19-0 record, including 17 knockouts, plays it straight, as if he means every word.

Pros Favor Return To Match Play

NEW YORK (AP) — Match play golf, which disappeared from the pro circuit 10 years ago, may make a return, Professional Golf Association President Max Elbin said today.

"A number of proposals have been made," Elbin said, "and are under consideration.

"It could be as early as this fall, perhaps something of a spin-off from our PGA championship, a tournament of champions or something on that order."

If so, it would meet the approval of the touring pros.

"There's no doubt that golf galleries need something more than week-to-week stroke play," said Jack Nicklaus, who received the Gold Tee award for outstanding contributions to the game at the Metropolitan Golf Writers Association dinner Tuesday night.

"I'd like to see it. I'll even go one step further. In addition to a match play title tournament, I think we also should have a national team four-ball championship."

The PGA championship was the last major tour event to be played at match play. It shifted to medal play in 1958.

"Some of the younger players have never played match play as a pro," said Lionel Hebert. "But I go back to when the PGA was match play. There's a certain thrill to it that you don't get in medal play. I'd certainly like to see big match play tournament come along."

Mantle, Flood Sign Pacts

By HAL BOCK
Associated Press Sports Writer

The psychology of contract negotiations has taken over baseball's spring training camps.

The trick, of course, is for the players to remind the owners how important those hits and shutouts were last season, and for the owners to get off as cheaply as possible for 1968.

Curt Flood and Mickey Mantle headed Tuesday's list of players reaching terms while Cincinnati with Jim Maloney, Vada Pinson and Pete Rose among the dissatisfied, seems to be having the most trouble in the signature derby.

Flood, who hit .335 for the world champion St. Louis Cardinals in 1967, signed for $75,000—a figure he described as "a happy medium" between what he was asking for and what the Cards were offering.

"The price was some place in the middle of what we both put up at first," said Flood.

Price was never a problem for Mantle, the New York Yankees' veteran slugger. He signed his sixth straight $100,000 agreement with a pledge to improve on the .245 batting average and 22 home runs he had last year.

"I think I can hit 30 home runs," said Mantle. "I don't think that's out of the question.

"I can't do any worse than last year," he said.

Phil Seghi, Cincinnati's assistant general manager, said he plans no discussion for two or three days with Maloney, Pinson, Rose, Chico Ruiz, Tommy Helms, Mel Queen and the Reds' other non-signees.

"This is a period of meditation for them," said Seghi.

Clete Boyer has not yet reached terms with Atlanta and when he does, he'll find the Braves' camp a beehive of activity.

"We'll be out on the field from 6 a. m. to 6 p. m. if necessary," said new manager Luman Harris. "Whatever it takes, we'll use."

"Nobody will be idle," Harris promised.

The Yankees eliminated two signing problems by placing injured third baseman Charlie Smith on the restricted list and withdrawing John Boccabella's invitation to training camp.

Smith injured a knee in an off-season accident at home, and is not expected to be ready to work until early April. Boccabella, drafted from the Chicago Cubs, did not sign and was ordered to report to the minor league camp at Hollywood, Fla. next month.

Rick Monday, slugging outfielder of the Oakland Athletics, who led the club in homers and runs batted in last season, was rewarded with what the club called a 110 per cent increase over his rookie salary. The figures were not released.

Utility infielder Frank Quilici signed with Minnesota and outfielders Reggie Smith and Jose Tartabull okayed contracts with Boston.

Alcindor Turns Down Olympic Trial Offer

KANSAS CITY (AP) — Three UCLA stars declined bids to the NCAA's 48-man olympic Trials basketball squad for scholastic reasons, their spokesman says, and any suggestion they are part of a proposed Negro boycott is pure speculation.

The NCAA squad announced Tuesday does include All-Americans Elvin Hayes of unbeaten, top-ranked Houston and Westley Unseld of Louisville's 9th-ranked Missouri Valley champs, plus most of the nation's major college scoring and rebounding leaders, many of them Negroes.

Hayes earlier said he might pass up the Olympics to avoid a late start in pro ball. His collegiate three-year scoring total is second in major college history only to Oscar Robertson of Cincinnati.

The three UCLA stars who declined are 7-foot-1½ Lew Alcindor, also a 19 7 All-American, Mike Warren and Lucious Allen, all key figures in UCLA's unbeaten run to the NCAA crown last year.

Both Alcindor and Allen are juniors. The 48-man squad includes seven juniors, including Creighton's Bob Portman, No. 4 nationally in scoring; and seven sophomores, headed by Pete Maravich of Louisiana State and Calvin Murphy of Niagara, 1-2 on the national scoring table.

An eight-man NCAA committee compiled a list of 145 to 150 players and contacted their schools to determine whether they would accept bids.

"The response was most gratifying," said Walter Byers, NCAA executive director. "This is a tremendous squad.' No count was made of the number of players who declined consideration, but he said they were few.

The squad includes 15 from he NCAA College Division and 33 from the University Division. The coaches for the April 4-5-6 trials are Ray Meyer of DePaul, Tex Winter of Kansas State, John Bach of Fordham and Arad McCutchan of Evansville.

76ers Move Closer To NBA Eastern Title

By ED SCHUYLER JR.
Associated Press Sports Writer

It's a pair of 9s for the Philadelphia 76ers and the New York Knickerbockers. In the pot are playoff positions and money based on the final National Basketball Association regular-season standings.

Philadelphia drew its nine Tuesday night by drubbing San Francisco 127-107. The Knicks kept their nine by losing 108-102 to St. Louis.

The 9s are the won-loss combinations Philadelphia needs for its third straight Eastern Division title and New York needs to grab third in the East for its highest finish since the 1958-59 season when the Knicks were second.

Any combination of Philadelphia victories and or Boston losses would give the 76ers the championship. In New York's case, the combination involves Baltimore, which is fourth, the final playoff spot.

In the only other NBA game Tuesday night, Los Angeles trounced Cincinnati 117-100.

Wilt Chamberlain, who is becoming accoustomed to the winner's share of regular-season bonus money, led Philadelphia to its 18th victory in 21 games by pouring in 33 points, grabbing 31 rebounds and handing out five assists. Chet Walker contributed 30 points and 16 rebounds for the 76ers who increased their lead to 5½ games over second-place Boston. Fred Hetzel scored 30 points for San Francisco, third in the Western Division.

St. Louis, first in the West, got off the 9 kick, reducing its magic number to eight with its victory, which at first looked easy but turned out to be anything but easy.

Wilkens and teammate Zelmo Beatty each scored 26 points. Barnett led New York with 22 and Willis Reed added 21.

Ron Williams Heads All-Southern Team

By ED YOUNG
Associated Press Writer

RICHMOND, Va. (AP) — West Virginia's peerless Ron Williams and players from four other colleges who zoomed to stardom for the first time this season were named Tuesday to the 1968 All-Southern Conference basketball team.

Two sophomores, Mike Maloy of Davidson and Bob Sherwood of William and Mary, and two juniors, Wilton Ford of Richmond and Dick Esleeck of Furman, joined Williams on the all-conference squad.

For Williams, a 6-3 senior who led West Virginia in scoring with a 21.4-point average, in assists, and in general playmaking, it is the third appearance on the All - Southern. He has been one of the SO's top players since his sophomore year and paced WVU to a 17-7 record this winter.

Maloy was the all - around key for Davidson's multi-talented Wildcats as they ran up a 19-4 season record and a 9-1 SC mark that entitled them to top seeding in the league's title tournament opening Thursday.

The 6-6 jumping jack averaged 15.3 points per game and almost 12 rebounds and, next to Williams, was the most popular vote-getter in the All-Southern balltoing among sports writers, radio-tv sportscasters, and conference coaches.

Sherwood led the SC in scoring with a 22.5-point average and ranked No. 3 in the league in rebounding with 11 per game, although W&M finished in eighth place in the regular - season standings.

Ford and Esleeck ranked immediately behind Sherwood and Williams in conference scoring, Ford with a 20.4-point average, Esleeck at 19.7. Both also were the sparkplugs for break-even conference seasons for their teams, which had been regarded as conference weaklings.

Davidson, with so many fine players it could afford to bench a 1967 All - Southern, Rodney Knowles, after mid-season, landed two players on the second team —junior Wayne Huckel and sophomore Doug Cook. VMI seniors John Kemper and Steve Powers, who led the SC in rebounding a second consecutive year, and WVU's junior Carey Bailey, round out the second team.

Ron Williams, West Virginia, 6-3, 190, Sr., Weirton, W. Va.

A&P

still skeptical about A&P brand canned vegetables?

Incredible!

They're all Grade "A", you know,
and labeled so.
Bet you don't know another brand that is.

Grade "A"... that's the best.
You can't buy better.
You're still not sure?

Tell you what...
this week, buy a can of
A&P Whole Small Green Beans.
Picked at a precise tender age,
they are simply delicious.

You think this is just advertising talk?
Try them.
You'll get your money back if
you don't think they're the best you ever tasted.

Is this a good reason for shopping A&P?
It's one of many.

P.S. If you're not a string bean lover,
pick any A&P Brand Canned Vegetable.
As we said, they're all Grade "A"...
all absolutely, unconditionally guaranteed.

Legion Essay Winners Set For Midland

American Legion essay contest winners at Midland's Lincoln High School have been announced by Raymond Stewitsky, guidance director.

Miss Patty Muslovski, daughter of Mr. and Mrs. Stanley Muslovski of 426 Midland Ave., won first place with "Price of Freedom."

Second was Edward Brozic, son of Mr. and Mrs. John Brozic of 817 Ohio Ave., "Struggle for Freedom," and third, Susan Craik, daughter of Mr. and Mrs. Donald Craik of 921 Ohio Ave., "Champions of Freedom."

The three, all juniors, will receive $15, $10 and $5, respectively, on Awards Day at the high school in May.

Donald Roach was chairman of the Post 451 Essay and Oratorical Committee which sponsored the contest, supervised at the school by Melvin Lang, English teacher.

Miss Muslovski's essay will be submitted in county competition Friday. If she emerges as a finalist, the essay will be forwarded to state competition March 8. William E. Coble of Post 451 is Essay and Oratorical Committee chairman for the 20th District.

The winner of the department final contest will be awarded $250 in scholarship funds and a trophy.

Locally, the essays were judged "on the basis of English structure, originality, accuracy, and extent of information, evidence of research and evidence of ability to succeed in college."

Hancock Wreck Tied To Slippery Highway

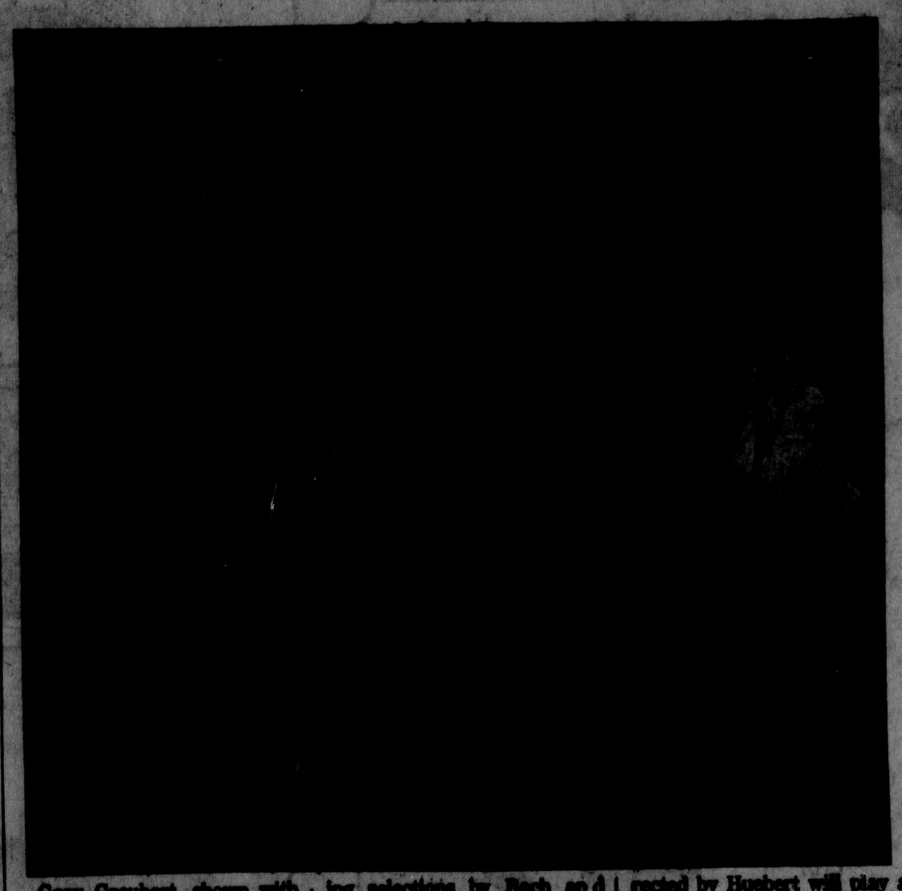
NEW CUMBERLAND — Slippery road conditions early this morning were blamed for a one-car accident on Route 3 just south of the New Cumberland city limits.

Albert Stiles Jr., 19, of RD 1 was treated at Weirton General Hospital for lacerations of the upper lip as a result of the accident at 6:30.

The Hancock County sheriff's office said Stiles attempted to pass a state road truck and skidded on the snow. His station wagon left the highway and crashed into an embankment. Estimated damage to Stiles' vehicle was listed at $700. There was no citation.

The first dental school in the United States opened in Bainbridge, Ohio, in 1828.

Band Concert Scheduled



Gary Groubert, shown with Robert Sprague, Beaver Local High School band director, and Sandy Garey, another band member, will be featured soloists during a winter concert at the Beaver Local High School auditorium Friday night at 8.

Groubert, son of Mr. and Mrs. George Groubert of Fredericktown, will play in "Concerto for Trumpet and Winds" (O'Reilly).

The band led by Sprague will begin the concert, playing selections by Bach and Liszt, along with "Goofin'" by Del Barone, formerly of Alliance.

John Huebert will present awards and direct a short program with the flutophones of the fourth grade. The sixth grade band will also play six selections.

Refreshments will be available during a ten-minute intermission.

The Junior High Band directed by Huebert will play a program including "Day Dreaming" (Thielman) and "Blackboard Blues" (Estes).

The high school band will complete the concert with numbers such as highlights from "The Music Man" dedicated to Principal Ted Taylor, a novelty featuring Johanna Smith, Becky Silliman, and Kathy Thomas, and "T-Bones Rare" with the trombone section.

Proceeds will be used for band projects.

Legion Essay Winners Set For Midland

American Legion essay contest winners at Midland's Lincoln High School have been announced by Raymond Stowitsky, guidance director.

Miss Patty Muslovski, daughter of Mr. and Mrs. Stanley Muslovski of 436 Midland Ave., won first place with "Price of Freedom."

Second was Edward Brozic, son of Mr. and Mrs. John Brozic of 817 Ohio Ave., "Struggle for Freedom," and third, Susan Craik, daughter of Mr. and Mrs. Donald Craik of 981 Ohio Ave., "Champions of Freedom."

The three, all juniors, will receive $15, $10 and $5, respectively, on Awards Day at the high school in May.

Donald Roach was chairman of the Post 481 Essay and Oratorical Committee which sponsored the contest, supervised at the school by Melvin Lang, English teacher.

Miss Muslovski's essay will be submitted in county competition Friday. If she emerges as a finalist, the essay will be forwarded to state competition March 8. William E. Coble of Post 481 is Essay and Oratorical Committee chairman for the 26th District.

The winner of the department final contest will be awarded $250 in scholarship funds and a trophy.

Locally, the essays were judged "on the basis of English structure, originality, accuracy, and extent of information, evidence of research and evidence of ability to succeed in college."

Hancock Wreck Tied To Slippery Highway

NEW CUMBERLAND — Slippery road conditions early this morning were blamed for a one-car accident on Route 2 just south of the New Cumberland city limits.

Albert Stiles Jr., 19, of RD 1 was treated at Weirton General Hospital for lacerations of the upper lip as a result of the accident at 6:30.

The Hancock County sheriff's office said Stiles attempted to pass a state road truck and skidded on the snow. His station wagon left the highway and crashed into an embankment. Estimated damage to Stiles' vehicle was listed at $700. There was no citation.

The first dental school in the United States opened in Bainbridge, Ohio, in 1825.

Band Concert Scheduled

Gary Groubert, shown with Robert Sprague, Beaver Local High School band director, and Sandy Garey, another band member, will be featured soloists during a winter concert at the Beaver Local High School auditorium Friday night at 8.

Groubert, son of Mr. and Mrs. George Groubert of Fredericktown, will play in "Concerto for Trumpet and Winds" (O'Reilly).

The band led by Sprague will begin the concert, playing selections by Bach and Liszt, along with "Goofin'" by Del Barone, formerly of Alliance.

John Huebert will present awards and direct a short program with the flutophones of the fourth grade. The sixth grade band will also play six selections.

Refreshments will be available during a ten-minute intermission.

The Junior High Band directed by Huebert will play a program including "Day Dreaming" (Thielman) and "Blackboard Blues" (Estes).

The high school band will complete the concert with numbers such as highlights from "The Music Man" dedicated to Principal Ted Taylor, a novelty featuring Johanna Smith, Becky Silliman, and Kathy Thomas, and "T-Bones Rare" with the trombone section.

Proceeds will be used for band projects.

Meeting In Beaver Attended By 100 Future Homemakers

More than 100 Future Homemakers of America attended the Beaver County meeting Tuesday afternoon at Western Beaver High School in Industry Borough.

The Rev. M. Dudley Rose of the Westfield Presbyterian Church of New Castle discussed "Relationships Between A Boy And Girl." He said girls must prepare now to be good homemakers. "The old stages of relationship between a boy and girl are still valid," he pointed out, "and they must adhere to the timetable of friendship, courtship, engagement and marriage."

Declaring, "while this generation is known as the 'now generation' . . . it must learn to wait and appreciate,"

The welcome was given by Carlisle MacPherson, assistant principal.

Myra Hoyt, Donna Sue Anderson and Debbie Brown, FHA members from Western Beaver, registered guests from Hopewell Aliquippa, Freedom and Rochester. The minutes of the December meeting at Beaver Falls High were read by Linda Svetlick, county secretary. The treasurer's report was presented by Cynthia Waugh.

None Injured In 3 Crashes

No one was injured in three minor traffic mishaps investigated by police Tuesday afternoon.

A West End man's auto was damaged in a collision at 4:25 as he attempted a wide turn off Lisbon St. onto W. 9th St., officers said. The crash involved a 1956 four-door sedan driven by Enoch A. Siddel of 717 W. 9th St. and another 1963 model auto operated by Kay Yost Connor, 27, of 249 Claiborne St. The right front door of Siddel's car was damaged.

Siddel told police he was driving north on Lisbon St. and attempting a wide swing to turn right onto W. 9th St. when his car was hit on the side by the Connor car. The woman said Siddel swung far to the left on Lisbon St. and pulled in front of her car.

Another car was damaged in a mishap at 2:50 at the entrance to the First National Drive-In Bank on E. 4th St., officers said.

The collision involved a car driven by Donald R. Deibert, 40, of 1320 Riverview St. and another car operated by Wilbert J. Blatch, 46, of 910 Peake St.

Blatch said he was backing to pull out of line and go to another teller's window of the bank when his car bumped the front of the Deibert auto. The mishap damaged a headlight of Deibert's car.

Two cars were involved in a mishap on W. 5th St. at Golding St. near the approach to the Newell Bridge Tuesday at 12:57 p. m., officers said.

A halted 1967 car driven by Frank Demain Jr., 26, of Youngstown was hit from the rear by a 1957 model auto operated by Daniel Cook, 21, of Fairview St., Chester. Cook said he attempted to halt but his brake line snapped.

William Gibson of 731 Dewey Ave. told police the left rear fender of his 1964 sedan was damaged by a hit-skip car Monday night while parked on State St.

Prayer Rites Set On Friday At Wellsville

The Rev. G. Chalmers Browne of Wooster will speak at the World Day of Prayer service in Wellsville Friday at 7:30 p.m. at the Nazarene Church.

Rev. Brown, a former pastor of the Oak Ridge United Presbyterian Church, is home on furlough from mission work in Brazil among adult illiterates.

The service, sponsored by United Church Women's Council, will be presided over by Mrs. Frances Haustman, chairman. She will be assisted by women of the cooperating churches. The offering will go to various projects in the U.S. and many foreign countries.

Services for children will be held at the Central Methodist and Covenant United Presbyterian churches immediately following the dismissal of school.

Sets Expansion

TOLEDO, Ohio (AP) — The Toledo Edison Power Co. announced Tuesday it will spend $30 million in 1968 to expand electrical systems in northwestern Ohio.

Death Claims Head Of ITU

COLORADO SPRINGS, Colo. (AP) — Elmer Brown, president of the International Typographical Union, died Tuesday at the Union Printers Home Hospital.

Brown, who had announced he would retire this year as head of the ITU, died at 1:30 a. m.

The hospital reported pneumonia was the cause of death.

Brown was in Penrose Cancer Hospital from Dec. 6 to Jan. 10, hospital records showed.

He was named head of the ITU in 1958 after serving as vice president since 1944. As president, he headed more than 123,000 printers and mailers in the United States and Canada.

John J. Pilch, the ITU first vice president and a candidate for president in the May 15 election, has been acting president during Brown's illness.

A union official said the funeral and burial probably will be in Colorado Springs, but no time has been set as yet for the services.

'Interconnection' Work Speeded By Power Firm

The Ohio Power Co. announced today that work is nearing completion on a multi-million - dollar project which will bring a new 345,000 - volt interconnection to the upper Ohio River Valley.

The two - pronged program calls for line and station facilities at Ohio Power's Tidd - Cardinal Plant complex at Brilliant, south of Steubenville, and a new 345,000 - volt station at Canton.

"This expansion, to be completed in cooperation with the Ohio Edison Co. and the Monongahela Power Co., consists of interconnecting their power delivery systems at several points," A. N. Prentice, executive vice president of Ohio Power Co., said.

—:—

"THIS PROJECT will make available to the upper Ohio River Valley a new extra - high-voltage power supply which will enhance service, insure reliability, provide back - up energy and take care of the tremendous increase in power needs our studies indicate for the immediate future," he explained.

Ohio Power has interconnection facilities with more than 20 major power producers in the east - central states area and is an active participant in interconnection coordination organizations.

"This extensive interconnection involvement demonstrates Ohio Power's basic objective of providing highly dependable, low - cost electric service," Prentice continued.

The project, which will cost Ohio Power an estimated $4.6 million, will be energized this spring. In the upper Ohio River Valley area, the project calls for interconnection lines from Ohio Power's Tidd and Cardinal Plants to Ohio Edison's Sammis Plant at Stratton. The new line will cross the West Virginia panhandle into Pennsylvania, then back into West Virginia to connect in the Wylie Ridge Station of Monongahela Power. From there, it will recross the Ohio River to the Sammis plant.

—:—

THE SECOND portion of the expansion includes a new 345,000-volt station on Canton's southwest side which will be supplied from Ohio Edison's 345,000-volt line from the Sammis plant to Star Station, west of Akron.

Prentice noted, "The interconnection will supplement existing inter - system ties and will facilitate greater coordination of present operations among Ohio Power, Monongahela Power and Ohio Edison.

"In addition, the facilities provide a sound basis for future strengthening of extra - high-voltage interconnections whenever an increase of capabilities becomes desirable."

Making His Way Commercially

Hal Humphrey

Paul Richards has made more money doing commercials for Tv than he ever made as an actor. The commercial business also has allowed him, he says, to brush shoulders with some pretty big executives.

"An actor doesn't have a chance to meet that kind of people usually, and I've found it interesting," says Paul.

"Maybe it will lead to a political career as it did for Ronald Reagan," I suggested.

-:-

"No, not for me. I'm not that involved, and anyway, I still want to be an actor."

Like all actors who do commercials, Paul has decided that they have helped his acting career. The exposure on the TV tube is a constant reminder to producers that there is a Paul Richards. Nor does he think the public minds seeing him in commercials. As he admits to himself, however, "I have to think that."

There are times, of course, when a commercial does an actor out of a job. He was up for a part in the FBI series until the sponsor remembered that Paul is now seen on TV in a competitor's commercials. He also decided it was polite to turn down the host job on an educational TV series because it was being underwritten by the Ford Foundation, which in this case couldn't have cared about his affiliation with GM, but, as Paul says, GM might not have appreciated it.

-:-

HE HAS A ROLE in one of the "I Spy" episodes on April 1, and recently appeared in "Gunsmoke." He was a gangster in the movie, "St. Valentine's Day Massacre," but didn't drive a GM car, so his image was ruined.

Summer before last, Paul went out on a theater tour with "Three-Penny Opera" and "A Thousand Clowns," and would have toured again last summer except GM kept him too busy making commercials, which he started in July.

He has done eight commercials and soon leaves for Aspen, Colo., where he will do three more. Recently he was called in to New York to do just the voice for a two-minute airline commercial which was on the air during the year-end bowl football games and which was produced in London at a cost of $250,000.

-:-

"DO YOU KNOW that the airline people built a set modeled after one of the new supersonic aircraft and got Dick Lester, who did the Beatles' pictures, to direct it? They had a 16-day shooting schedule," says Paul, obviously greatly impressed.

In his favor is the fact Paul has a clause in his auto contract which allows him to refuse to do any copy he considers in poor taste.

"I really don't know how to do commercials. I still approach them as I would an acting role," says Paul, who could be handing himself another rationale for becoming associated with the huckster trade.

In one way Paul also looks at his commercial career as capitalism's way of subsidizing the actor. As he points out, the actor gets a government subsidy in Europe to keep alive and acting. Well, here, capitalism is, in its way, subsidizing actors by handing out large sums of money to help it sell products.

—:—

PAUL WASN'T talking this way a few years ago when he starred in the TV series, "Breaking Point," as Dr. McKinley Thompson, the psychiatrist, but he was working steadily then and acting looked like a full-time profession.

Unfortunately, for most actors (even the good ones like Paul) it is far from a full-time profession, so resorting to commericals is at least better (certainly financially) than becoming a store clerk or a maitre d' in a restaurant, which many have done.

The actors I resent are the big stars who do not need the money, but still do commercials and testimonials for everything from blazers to beer. Not only are they taking work from those who need it, but they are cheapening themselves.

HIGHLAND PARK, Ill. (AP) —Kathryn Morton Godfrey, 68, mother of radio and television personality Arthur Godfrey, died Tuesday in a nursing home.

U.S. Officials Openly Express Worry And Wonder

What Lies Ahead In South Viet?

What is the outlook in South Vietnam, a month after the Communists began their attacks on the cities? This is the first of three analyses by AP correspondents William L. Ryan and Peter Arnett. Ryan, a specialist in Communist affairs, has worked in Vietnam several times, starting in 1954. Arnett has been in Saigon most of the last six years.

By WILLIAM L. RYAN and PETER ARNETT

SAIGON (AP) — Never in the years of U.S. involvement in Vietnam, officials say, has there been so much openly expressed worry and wonder about what lies immediately ahead.

The Americans still hold that U.S. forces cannot be defeated militarily. The Americans also say—often gloomily—that the need was never greater than now for the Saigon government to face up to its problems and its dangers.

One of the biggest problems is how to rally South Vietnam's people solidly behind the anti-Communist cause. Another is corruption, whose continued existence helps erode popular confidence in the government.

New-Or-Never Feeling

What has happened in the past month has produced a feeling among some Americans here that it's now or never for the South Vietnamese government.

South Vietnam has gone through a convulsion following what one high U.S. official on the scene now concedes was a "beautifully executed" offensive against 40 major population centers.

The worry and the wondering revolve about taking South Vietnam out of its state of shock, about repairing the heavy physical and psychological damage which has been done, about rebuilding confidence—and most of all about establishing a meaningful dialogue between the Americans here and the army and government of South Vietnam.

Obstacles Tangled Complex

The obstacles include a tangled complex of military, political, economic and emotional difficulties.

The big fear is that these difficulties will progressively weaken the internal political structure in South Vietnam. That in turn would have impact on the strategy of Gen. William C. Westmoreland for defeating Communist aims and establishing a government in Saigon which can stand on its own feet.

Few Americans here try to hide forebodings generated by critical situations in the military, political, economic and pacification fields. The Tet—lunar new year—offensive not only has brought into sharp focus the realities facing a country torn by war and political dissension for years, but has illuminated a gap in communication between the Americans and the South Vietnamese government.

Top U.S. Official Explodes

One top-level U.S. official who has been here for years exploded in exasperation recently during a conversation with an equally high Vietnamese over government actions on the internal political scene.

These actions, the U.S. official intimated, would do further violence to the image of the Saigon regime, in the United States as well as at home.

Later, the American was asked: Why didn't the United States put more pressure on its ally?

"They are a sovereign nation," was the reply. Moreover, he added, there is an attitude among South Vietnamese leaders that the United States has no choice but to continue fighting this war.

Could Give Saigon Black Eye

But what of the arrests of members of the non-Communist political opposition, which could give the Saigon regime a black eye in the United States?

"They'll ask you," said the America, "What did you do with the rioters in Detroit? Didn't you arrest them, too?"

Open criticism of American actions and policy appears in the local press, obviously with government approval. For example, the Saigon Daily News recently spoke of rumors that the United States was collaborating secretly with the Viet Cong to force a coalition government. These rumors, it said, "are based on the apparent reluctance of the Americans to fully commit themselves to fighting the Communist attackers from the very start. The U.S. military performance in Saigon and Hue in the first days following the attacks tends to give substance to such belief."

In fact, the Americans had hoped the South Vietnamese army and police could defend their own capital. As for Hue, more than 100 U.S. troops have died taking it back from the Communists.

Saigon Press Censored

This sort of press comment could not appear without government approval. The Saigon press is rigidly censored. The tone suggests a suspicion that some day the Americans will deal with the Communists and leave the Saigon regime out in the cold.

One American described the current situation: "It's like painstakingly placing a piece in a complicated jigsaw puzzle. No sooner do you get it placed than a previous piece falls out. That is the American experience in Vietnam."

For Vietnamese politicians across the spectrum these are nervous days. All manner of rumors float around this grimy city. About 20 non-Communist opponents of the government have been arrested. Most are suspected of connections with proponents of coalition as a way out of the war.

Amvetts Cite Misgivings

The arrests spotlight the misgivings held by the generals who run the government. Hints in the press, such as a Saigon Daily News complaint that Americans "meddle" too much in Vietnam's internal affairs, reflect a suspicion that the United States is actively interested in a coalition.

President Nguyen Van Thieu and his supporters say they will never stand for participation by the Viet Cong's National Liberation Front in the government.

There are many indications that President Thieu and Vice President Nguyen Cao Ky are feuding. One well informed source says the two have not been on speaking terms since President Johnson's visit to South Vietnam in December.

Ex-Generals Form Alliances

This same source says that former generals now involved in politics are forming alliances with neutralist elements on the civilian side.

Two men prominently mentioned in this respect are Tran Van Don, chairman of a group called the National Salvation Committee, and Ton That Dinh, who as a general had a part in the 1963 overthrow of President Ngo Dinh Diem. Some sources connect Ky with this group.

Thieu and his supporters suspect anything labeled "front." They suspect any political move which might lessen their authority.

The mixture is a yeasty one that complicates American efforts to bring about some unity of purpose here.

Military Regime Jealous

On the surface, South Vietnam has a constitutional government elected last September. Underneath, it retains the trappings of a military regime jealous of its authority and prone to crack down on any trace of opposition.

Americans say a great opportunity existed after the shock of the Viet Cong Tet offensive created an impulse among politicians to seek national salvation through unity. These Americans were dismayed when the government jailed non-Communist opponents. They felt the timing hardly could have been worse.

"One more political upheaval —one more coup—is all we need around here," one American said, mindful of a history of violent political upheavals over the past five years.

But the chief American worry is the mood of this capital, and how events seem to feed on atmosphere of frustration and foreboding.

Mississippi Negro Leader Prepares For Runoff Bid

JACKSON, Miss. (AP) — Negro leader Charles Evers prepared today for his uphill runoff battle against white conservative Charles Griffin for the congressional seat vacated by Gov. John Bell Williams.

"We're going to win this election," Evers told his followers after clinching a place against Griffin, Williams' key Washington aide for almost two decades, in the March 12 runoff.

Evers, the first Negro to become a serious challenger for a Mississippi congressional post this century, took advantage of a six-way split in the white vote to lead the first round of balloting Tuesday.

In the final unofficial tabulation he had almost 30 per cent of the vote with 33,645 to 28,782 for Griffin. Five losing white candidates had 32,188.

State Sen. Ellis Bodron of Vicksburg had 22,829, Troy Watkins of Natchez 10,446, Dist. Atty. Joe Pigott of McComb 8,284, and David Perkins of Jackson 2,649. Republican Hagan Thompson of Jackson had 7,990.

All six of the white candidates campaigned as conservatives.

In Mississippi special congressional elections, all candidates run in one field, regardless of party. The two high men enter a runoff if no candidate gets a majority.

A heavy Negro turnout in many areas pushed the vote total to about 115,000, or 15,000 more than had been predicted.

The celebration at Griffin's headquarters matched that at Evers'—most observers said winning a runoff spot against Evers was tantamount to winning the congressional seat Williams held for 21 years.

"The time has come for concerned citizens of this district to unite behind Charles Griffin to insure a solid victory for responsible government," the 41-year-old Griffin said.

Evers, on leave as state field secretary for the National Association for the Advancement of Colored People, had been expected to enter the runoff because the district's 287,000 voters includes about 70,000 Negroes.

A civil rights leader in the state for almost five years, the 44-year-old Evers helped register many of the Negroes who turned out to vote for him. He was a physical education instructor in Chicago schools until 1963, when he returned to succeed his brother, Medgar Evers, in the NAACP post. A sniper shot Medgar to death from ambush.

Although Charles Evers had said he had no political ambitions, he announced when he entered the campaign he had been drafted by Negro leaders.

Castings Set For 3 Plays

Casting will be held Monday for three plays selected during a meeting of the Ceramic Playrites Tuesday night in the Stiff Building on Market St.

Thomas Henthorn, who will direct "The American Dream," said two men and three women's parts are open. Donald Langsdale, directing "The Resounding Tinkle," listed roles for a man and woman in their early 40's and a "vivacious" woman about 20.

Jerry Nachman, directing "The Zoo Story," said two men, one middle-aged and one young, are needed.

Assistant directors named were Frances Leon, Edward McCune and Lida Smith.

Open casting will be held Monday at 7:30 p. m. in the Stiff building. Area persons interested in trying out are invited, but Playrites members will be given preference, it was pointed out.

Of the 19 present, two additional members were accepted. Varous officers reports were heard.

Summer stock plays are being considered, James Graham, president, said. Choices included "Star-Spangled Girl" and the "Girls in 509."

The DOCTOR Says

By DR. W. G. BRANDSTADT

Dr. Brandstadt

As more is being learned about transplanting organs from one person to another, the types of organ capable of such transfer are increasing. Organs fall into three groups in this respect.

Such organs as the ovaries and parathroids (both hormone producers) are the least likely to be rejected and can be transplanted without the use of agents to suppress a foreign body reaction.

—:—

THE SECOND group — kidneys, liver, lungs, adrenals and thyroid — can be transplanted with the use of such agents.

Oddly enough the skin (group three) which was one of the first tissues besides blood (the fluid tissue) to be transferred from one person to another, is the most likely to be rejected. That is why skin grafts are now always taken from another part of the patient's own body.

The incompatibility of transplants in general appears to reside in differences in both the red and white blood cells of the donor and the recipient. A common complication following organ transplants is pneumonia, apparently unrelated to the transplantation operation.

—:—

TWO MORAL problems are presented by organ transplants.

In the case of a kidney transplant, whether to risk impairing the health of a normal donor (usually a close relative) or to use the kidney of a person who has just died (a less satisfactory procedure), is a difficult decision to make and one that must be decided on the merits of the case in question.

—:—

IN THE case of a heart transplant, the decision is even harder because some people ask why, if the heart can be removed from one man and made to function in another, could it not have been made to keep the donor alive. The answer is that the damage to the donor's brain is permanent and irreparable.

—:—

IN THE case of Louis Washkansky in South Africa, even though he survived the heart transplantation for only 17 days, the operation proved that a transplanted heart can function in a human being.

—:—

UNDOUBTEDLY heart transplants in the future will be more successful. Meanwhile, the proportion of successes in transplanting kidneys, liver and other organs is increasing.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Leaves of compass plants point north and south, a characteristic caused by the twisting of the leaf stalks. Many theories have been advanced as to the reason. One explanation is that the leaves bend not to escape the heavy mid-day sunlight but to get the full early morning and late afternoon sunlight.

'Interconnection' Work Speeded By Power Firm

The Ohio Power Co. announced today that work is nearing completion on a multi-million - dollar project which will bring a new 345,000 - volt interconnection to the upper Ohio River Valley.

The two - pronged program calls for line and station facilities at Ohio Power's Tidd - Cardinal Plant complex at Brilliant, south of Steubenville, and a new 345,000 - volt station at Canton.

"This expansion, to be completed in cooperation with the Ohio Edison Co. and the Monongahela Power Co., consists of interconnecting their power delivery systems at several points," A. N. Prentice, executive vice president of Ohio Power Co., said.

—:—

"THIS PROJECT will make available to the upper Ohio River Valley a new extra - high-voltage power supply which will enhance service, insure reliability, provide back - up energy and take care of the tremendous increase in power needs our studies indicate for the immediate future," he explained.

Ohio Power has interconnection facilities with more than 20 major power producers in the east - central states area and is an active participant in interconnection coordination organizations.

"This extensive interconnection involvement demonstrates Ohio Power's basic objective of providing highly dependable, low - cost electric service," Prentice continued.

The project, which will cost Ohio Power an estimated $4.6 million, will be energized this spring. In the upper Ohio River Valley area, the project calls for interconnection lines from Ohio Power's Tidd and Cardinal Plants to Ohio Edison's Sammis Plant at Stratton. The new line will cross the West Virginia panhandle into Pennsylvania, then back into West Virginia to connect ta the Wylie Ridge Station of Monongahela Power. From there, it will recross the Ohio River to the Sammis plant.

—:—

THE SECOND portion of the expansion includes a new 345,000-volt station on Canton's southwest side which will be supplied from Ohio Edison's 345,000-volt line from the Sammis plant to Star Station, west of Akron.

Prentice noted, "The interconnection will supplement existing inter - system ties and will facilitate greater coordination of present operations among Ohio Power, Monongahela Power and Ohio Edison.

"In addition, the facilities provide a sound basis for future strenghtening of extra - high-voltage interconnections whenever an increase of capabilities becomes desirable."

Steel Aide Talks To Newell Group On Air Pollution

David W. Coy, Industrial Health Engineer of the Weirton Steel Corp., spoke at the meeting of the Newell Junior Women's Club Tuesday night at the American Legion home.

He discussed "Steel Industry Air Pollution Control—50 Years Backward and Forward."

The club approved several donations, including $20 to the Newell Volunteer Fire Department and a thank you to the department for ""the fine service to the community" and $10 to the Newell Civic Council.

A "bake-less" bake sale in the form of a poem written by Mrs. Linda McDevitt is being planned, with proceeds to be used for the convention fund. The proceeds are derived from donations by members of the club.

A thank-you letter was read from the Oak Glen Post-Prom Committee.

Mrs. Linda Kiger presided. Devotions were given by Mrs. Joanne Gessford.

Refreshments were served from a buffet with a centerpiece of tulips and daisies with yellow candles. Hostesses included Mrs. Brenda Cline, Mrs. Linda Turner and Mrs. Susan Geisse.

The next meeting will be March 12.

4 Ohio Men Indicted On Murder Charges

DAYTON, Ohio (AP) — Four Dayton men were indicted by the grand jury on first-degree murder charges Tuesday in the shotgun death of Rena Streitenberger, 43, killed during a robbery attempt at the West Side motel she operated.

Indicted were Cletus Moorehead, 27; Theodore Lewis, 28; Jimmie Lee Beam, 19, and Joseph Epps, 18.

None Injured In 3 Crashes

No one was injured in three minor traffic mishaps investigated by police Tuesday afternoon.

A West End man's auto was damaged in a collision at 4:25 as he attempted a wide turn off Lisbon St. onto W. 9th St., officers said. The crash involved a 1966 four-door sedan driven by Enoch A. Siddel of 717 W. 9th St. and another 1966 model auto operated by Kay Yost Connor, 27, of 340 Claiborne St. The right front door of Siddel's car was damaged.

Siddel told police he was driving north on Lisbon St. and attempting a wide swing to turn right onto W. 9th St. when his car was hit on the side by the Connor car. The woman said Siddel swung far to the left on Lisbon St. and pulled in front of her car.

Another car was damaged in a mishap at 2:59 at the entrance to the First National Drive-In Bank on E. 4th St., officers said.

The collision involved a car driven by Donald R. Deibert, 49, of 1320 Riverview St. and another car operated by Wilbert J. Blatch, 46, of 910 Peake St.

Blatch said he was backing to pull out of line and go to another teller's window of the bank when his car bumped the front of the Deibert auto. The mishap damaged a headlight of Deibert's car.

Two cars were involved in a mishap on W. 5th St. at Golding St. near the approach to the Newell Bridge Tuesday at 12:57 p. m., officers said.

A halted 1967 car driven by Frank Demain Jr., 26, of Youngstown was hit from the rear by a 1957 model auto operated by Daniel Cook, 21, of Fairview St., Chester. Cook said he attempted to halt but his brake line snapped.

William Gibson of 731 Dewey Ave. told police the left rear fender of his 1964 sedan was damaged by a hit-skip car Monday night while parked on State St.

Death Claims Head Of ITU

COLORADO SPRINGS, Colo. (AP) — Elmer Brown, president of the International Typographical Union, died Tuesday at the Union Printers Home Hospital.

Brown, who had announced he would retire this year as head of the ITU, died at 1:30 a. m.

The hospital reported pneumonia was the cause of death.

Brown was in Penrose Cancer Hospital from Dec. 6 to Jan. 10, hospital records showed.

He was named head of the ITU in 1958 after serving as vice president since 1944. As president, he headed more than 123,000 printers and mailers in the United States and Canada.

John J. Pilch, the ITU first vice president and a candidate for president in the May 15 election, has been acting president during Brown's illness.

A union official said the funeral and burial probably will be in Colorado Springs, but no time has been set as yet for the services.

Out Of The Air

By HAL HUMPHREY

Making His Way Commercially

Paul Richards has made more money doing commercials for Tv than he ever made as an actor. The commercial business also has allowed him, he says, to brush shoulders with some pretty big executives.

Hal Humphrey

"An actor doesn't have a chance to meet that kind of people usually, and I've found it interesting," says Paul.

"Maybe it will lead to a political career as it did for Ronald Reagan," I suggested.

-:-

"No, not for me. I'm not that involved, and anyway, I still want to be an actor."

Like all actors who do commercials, Paul has decided that they have helped his acting career. The exposure on the TV tube is a constant reminder to producers that there is a Paul Richards. Nor does he think the public minds seeing him in commercials. As he admits to himself, however, "I have to think that."

There are times, of course, when a commercial does an actor out of a job. He was up for a part in the FBI series until the sponsor remembered that Paul is now seen on TV in a competitor's commercials. He also decided it was polite to turn down the host job on an educational TV series because it was being underwritten by the Ford Foundation, which in this case couldn't have cared about his affiliation with GM, but, as Paul says, GM might not have appreciated it.

-:-

HE HAS A ROLE in one of the "I Spy" episodes on April 1, and recently appeared in "Gunsmoke." He was a gangster in the movie, "St. Valentine's Day Massacre," but didn't drive a GM car, so his image was ruined.

Summer before last, Paul went out on a theater tour with "Three-Penny Opera" and "A Thousand Clowns," and would have toured again last summer except GM kept him too busy making commercials, which he started in July.

He has done eight commercials and soon leaves for Aspen, Colo., where he will do three more. Recently he was called in to New York to do just the voice for a two-minute airline commercial which was on the air during the year-end bowl football games and which was produced in London at a cost of $250,000.

-:-

"DO YOU KNOW that the airline people built a set modeled after one of the new supersonic aircraft and got Dick Lester, who did the Beatles' pictures, to direct it? They had a 16-day shooting schedule," says Paul, obviously greatly impressed.

In his favor is the fact Paul has a clause in his auto contract which allows him to refuse to do any copy he considers in poor taste.

"I really don't know how to do commercials. I still approach them as I would an acting role," says Paul, who could be handing himself another rationale for becoming associated with the huckster trade.

In one way Paul also looks at his commercial career as capitalism's way of subsidizing the actor. As he points out, the actor gets a government subsidy in Europe to keep alive and acting. Well, here, capitalism is, in its way, subsidizing actors by handing out large sums of money to help it sell products.

—:—

PAUL WASN'T talking this way a few years ago when he starred in the TV series, "Breaking Point," as Dr. McKinley Thompson, the psychiatrist, but he was working steadily then and acting looked like a full-time profession.

Unfortunately, for most actors (even the good ones like Paul) it is far from a full-time profession, so resorting to commericals is at least better (certainly financially) than becoming a store clerk or a maitre d' in a restaurant, which many have done.

The actors I resent are the big stars who do not need the money, but still do commercials and testimonials for everything from blazers to beer. Not only are they taking work from those who need it, but they are cheapening themselves.

Singing Figure Dies

NEW YORK (AP)—Frank J. Lymon, 26, leader of a rock 'n' roll singing group called "Frankie Lymon and his Teen-Agers," was found dead Tuesday in a friend's apartment. Police said Lymon, on leave from Ft. Gordon, Ga., where he was in the Army, died of an overdose of narcotics.

U.S. Officials Openly Express Worry And Wonder

What Lies Ahead In South Viet?

What is the outlook in South Vietnam, a month after the Communists began their attacks on the cities? This is the first of three analyses by AP correspondents William L. Ryan and Peter Arnett. Ryan, a specialist in Communist affairs, has worked in Vietnam several times, starting in 1954. Arnett has been in Saigon most of the last six years.

By WILLIAM L. RYAN and PETER ARNETT

SAIGON (AP) — Never in the years of U.S. involvement in Vietnam, officials say, has there been so much openly expressed worry and wonder about what lies immediately ahead.

The Americans still hold that U.S. forces cannot be defeated militarily. The Americans also say—often gloomily—that the need was never greater than now for the Saigon government to face up to its problems and its dangers.

One of the biggest problems is how to rally South Vietnam's people solidly behind the anti-Communist cause. Another is corruption, whose continued existence helps erode popular confidence in the government.

Now-Or-Never Feeling

What has happened in the past month has produced a feeling among some Americans here that it's now or never for the South Vietnamese government.

South Vietnam has gone through a convulsion following what one high U.S. official on the scene now concedes was a "beautifully executed" offensive against 40 major population centers.

The worry and the wondering revolve about taking South Vietnam out of its state of shock, about repairing the heavy physical and psychological damage which has been done, about rebuilding confidence—and most of all about establishing a meaningful dialogue between the Americans here and the army and government of South Vietnam.

Obstacles Tangled Complex

The obstacles include a tangled complex of military, political, economic and emotional difficulties.

The big fear is that these difficulties will progressively weaken the internal political structure in South Vietnam. That in turn would have impact on the strategy of Gen. William C. Westmoreland for defeating Communist aims and establishing a government in Saigon which can stand on its own feet.

Few Americans here try to hide forebodings generated by critical situations in the military, political, economic and pacification fields. The Tet—lunar new year—offensive not only has brought into sharp focus the realities facing a country torn by war and political dissension for yaars, but has illuminated a gap in communication between the Americans and the South Vietnamese government.

Top U.S. Official Explodes

One top-level U.S. official who has been here for years exploded in exasperation recently during a conversation with an equally high Vietnamese over government actions on the internal political scene.

These actions, the U.S. official intimated, would do further violence to the image of the Saigon regime, in the United States as well as at home.

Later, the American was asked: Why didn't the United States put more pressure on its ally?

"They are a sovereign nation," was the reply. Moreover, he added, there is an attitude among South Vietnamese leaders that the United States has no choice but to continue fighting this war.

Could Give Saigon Black Eye

But what of the arrests of members of the non-Communist political opposition, which could give the Saigon regime a black eye in the United States?

"They'll ask you," said the America, "What did you do with the rioters in Detroit? Didn't you arrest them, too?"

Open criticism of American actions and policy appears in the local press, obviously with government approval. For example, the Saigon Daily News recently spoke of rumors that the United States was collaborating secretly with the Viet Cong to force a coalition government. These rumors, it said, "are based on the apparent reluctance of the Americans to fully commit themselves to fighting the Communist attackers from the very start. The U.S. military performance in Saigon and Hue in the first days following the attacks tends to give substance to such belief."

In fact, the Americans had hoped the South Vietnamese army and police could defend their own capital. As for Hue, more than 100 U.S. troops have died taking it back from the Communists.

Saigon Press Censored

This sort of press comment could not appear without government approval. The Saigon press is rigidly censored. The tone suggests a suspicion that some day the Americans will deal with the Communists and leave the Saigon regime out in the cold.

One American described the current situation: "It's like painstakingly placing a piece in a complicated jigsaw puzzle. No sooner do you get it placed than a previous piece falls out. That is the American experience in Vietnam."

For Vietnamese politicians across the spectrum these are nervous days. All manner of rumors float around this grimy city. About 20 non-Communist opponents of the government have been arrested. Most are suspected of connections with proponents of coalition as a way out of the war.

Amvetts Cite Misgivings

The arrests spotlight the misgivings held by the generals who run the government. Hints in the press, such as a Saigon Daily News complaint that Americans "meddle" too much in Vietnam's internal affairs, reflect a suspicion that the United States is actively interested in a coalition.

President Nguyen Van Thieu and his supporters say they will never stand for participation by the Viet Cong's National Liberation Front in the government.

There are many indications that President Thieu and Vice President Nguyen Cao Ky are feuding. One well informed source says the two have not been on speaking terms since President Johnson's visit to South Vietnam in December.

Ex-Generals Form Alliances

This same source says that former generals now involved in politics are forming alliances with neutralist elements on the civilian side.

Two men prominently mentioned in this respect are Tran Van Don, chairman of a group called the National Salvation Committee, and Ton That Dinh, who as a general had a part in the 1963 overthrow of President Ngo Dinh Diem. Some sources connect Ky with this group.

Thieu and his supporters suspect anything labeled "front." They suspect any political move which might lessen their authority.

The mixture is a yeasty one that complicates American efforts to bring about some unity of purpose here.

Military Regime Jealous

On the surface, South Vietnam has a constitutional government elected last September. Underneath, it retains the trappings of a military regime jealous of its authority and prone to crack down on any trace of opposition.

Americans say a great opportunity existed after the shock of the Viet Cong Tet offensive created an impulse among politicians to seek national salvation through unity. These Americans were dismayed when the government jailed non-Communist opponents. They felt the timing hardly could have been worse.

"One more political upheaval —one more coup—is all we need around here," one American said, mindful of a history of violent political upheavals over the past five years.

But the chief American worry is the mood of this capital, and how events seem to feed on atmosphere of frustration and foreboding.

Mississippi Negro Leader Prepares For Runoff Bid

JACKSON, Miss. (AP) — Negro leader Charles Evers prepared today for his uphill runoff battle against white conservative Charles Griffin for the congressional seat vacated by Gov. John Bell Williams.

"We're going to win this election," Evers told his followers after clinching a place against Griffin, Williams' key Washington aide for almost two decades, in the March 12 runoff.

Evers, the first Negro to become a serious challenger for a Mississippi congressional post this century, took advantage of a six-way split in the white vote to lead the first round of balloting Tuesday.

In the final unofficial tabulation he had almost 30 per cent of the vote with 33,645 to 28,792 for Griffin. Five losing white candidates had 52,188.

State Sen. Ellis Bodron of Vicksburg had 22,829, Troy Watkins of Natchez 10,446, Dist. Atty. Joe Pigott of McComb 8,284, and David Perkins of Jackson 2,649. Republican Hagan Thompson of Jackson had 7,980.

All six of the white candidates campaigned as conservatives.

In Mississippi special congressional elections, all candidates run in one field, regardless of party. The two high men enter a runoff if no candidate gets a majority.

A heavy Negro turnout in many areas pushed the vote total to about 115,000, or 15,000 more than had been predicted.

The celebration at Griffin's headquarters matched that at Evers'—most observers said winning a runoff spot against Evers was tantamount to winning the congressional seat Williams held for 21 years.

"The time has come for concerned citizens of this district to unite behind Charles Griffin to insure a solid victory for responsible government," the 41-year-old Griffin said.

Evers, on leave as state field secretary for the National Association for the Advancement of Colored People, had been expected to enter the runoff because the district's 195,000 voters includes about 70,000 Negroes.

A civil rights leader in the state for almost five years, the 44-year-old Evers helped register many of the Negroes who turned out to vote for him. He was a physical education instructor in Chicago schools until 1963, when he returned to succeed his brother, Medgar Evers, in the NAACP post. A sniper shot Medgar to death from ambush.

Although Charles Evers had said he had no political ambitions, he announced when he entered the campaign he had been drafted by Negro leaders.

Castings Set For 3 Plays

Casting will be held Monday for three plays selected during a meeting of the Ceramic Playrites Tuesday night in the Siff Building on Market St.

Thomas Henthorn, who will direct "The American Dream," said two men and three women's parts are open. Donald Langsdale, directing "The Resounding Tinkle," listed roles for a man and woman in their early 40's and a "vivacious" woman about 20.

Jerry Nachman, directing "The Zoo Story," said two men, one middle-aged and one young, are needed.

Assistant directors named were Frances Leon, Edward McCune and Lida Smith.

Open casting will be held Monday at 7:30 p. m. in the Siff building. Area persons interested in trying out are invited, but Playrites members will be given preference, it was pointed out.

Of the 19 present, two additional members were accepted. Varous officers reports were heard.

Summer stock plays are being considered, James Graham, president, said. Choices included "Star-Spangled Girl" and the "Girls in 509."

Off The Record By Ed Reed

The DOCTOR Says

By DR. W. G. BRANDSTADT

As more is being learned about transplanting organs from one person to another, the types of organ capable of such transfer are increasing. Organs fall into three groups in this respect. Such organs as the ovaries and parathroids (both hormone producers) are the least likely to be rejected and can be transplanted without the use of agents to suppress a foreign body reaction.

Dr. Brandstadt

—:—

THE SECOND group — kidneys, liver, lungs, adrenals and thyroid — can be transplanted with the use of such agents.

Oddly enough the skin (group three) which was one of the first tissues besides blood (the fluid tissue) to be transferred from one person to another, is the most likely to be rejected. That is why skin grafts are now always taken from another part of the patient's own body.

The incompatibility of transplants in general appears to reside in differences in both the red and white blood cells of the donor and the recipient. A common complication following organ transplants is pneumonia, apparently unrelated to the transplantation operation.

—:—

TWO MORAL problems are presented by organ transplants. In the case of a kidney transplant, whether to risk impairing the health of a normal donor (usually a close relative) or to use the kidney of a person who has just died (a less satisfactory procedure), is a difficult decision to make and one that must be decided on the merits of the case in question.

—:—

IN THE case of a heart transplant, the decision is even harder because some people ask why, if the heart can be removed from one man and made to function in another, could it not have been made to keep the donor alive. The answer is that the damage to the donor's brain is permanent and irreparable.

—:—

IN THE case of Louis Washkansky in South Africa, even though he survived the heart transplantation for only 17 days, the operation proved that a transplanted heart can function in a human being.

—:—

UNDOUBTEDLY heart transplants in the future will be more successful. Meanwhile, the proportion of successes in transplanting kidneys, liver and other organs is increasing.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Leaves of compass plants point north and south, a characteristic caused by the twisting of the leaf stalks. Many theories have been advanced as to the reason. One explanation is that the leaves bend not to escape the heavy mid-day sunlight but to get the full early morning and late afternoon sunlight.

3 CARD OF THANKS

We would like to express our sincere and warmest appreciation to the following people: The La Belle department of Crucible Steel Mill, Dr. Wolpert, the nurses on three North, the St. Clair Avenue Church of Christ, Evangelist Ronald Meecham, and all those who helped us during the recent illness and sudden passing of our beloved husband and father, William Morris. — Gertrude Morris and daughters, Mary Vorkapich, Wanda Peebley.

ALTHOUGH this sincere "thank you" can only tell in part how much the kindnesses and thoughtfulness of our neighbors, relatives and friends meant to us during the illness and death of our beloved husband, father, grandfather and brother, Clayton Lawson, our appreciation is from our hearts. We also wish to express our thanks to Father A. J. Cappelli, Dr. Crist Strovilas, the nurses at the Gill Memorial Hospital, the Turel Funeral Home; those who sent flowers, cards and helped in any way to lighten our burden.

—The Family of Clayton Lawson.

I wish to thank my nephew and wife, Clifford and Clara Cooper, Major William Daugherty, Rev. Sanko, minister of the Riverside Presbyterian Church, ladies of the other churches, friends and nurses of the Riverside Nursing Home, Mrs. Maybelle Hester, and all neighbors and relatives for making my birthday a most pleasant and memorable one. Thank you one and all.

Mrs. Martha Koontz, Riverside Nursing Home.

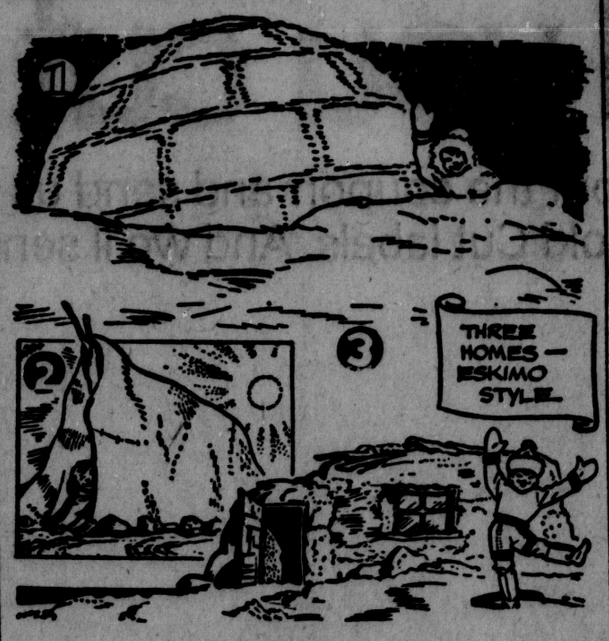
Junior Editors Quiz on IGLOOS



QUESTION: In what kind of houses do the Eskimos live?

★ ★ ★

AANSWER: In the trading posts of the Northwest Territories, Eskimos live in small wooden houses. But in the central Canadian Arctic, where there is a lack of other materials, they usually build igloos out of snow blocks. (1). With bone knives, Eskimos slice blocks of closely packed snow and lay these on edge in a spiral, winding up and sloping inward. A single key block is fitted on top. Inside, a sleeping platform of packed snow, with skins on top, acts as a bed. These houses are warmed with seal and whale oil, burned in lamps of stone or pottery, over which the cooking is done. Such snow igloos are winter dwellings. Some families build them in communities near the sea where fish and seals can be caught. In summer, the families separate, many striking inland to follow the caribou, which give them valuable hide and fur as well as meat. On these journeys they live in skin tents, some as in (2), others shaped like an Indian teepee. Where it is possible to obtain driftwood or flat stones, Eskimos will build winter houses of sod piled over an inner structure (3).

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I've worked with the public for many years and have seen a good deal of tragedy which has resulted from alcoholism. It's clear to me that many wives of alcoholics have personality needs which are fulfilled by their husbands' excessive drinking.

Such women (1) want to be martyrs, (2) need to be sure of their "special place in heaven," (3) must have something to complain about.

The woman who signed herself "Mystified" sounds as if she fits into all three of the aforementioned categories.

When a wife writes to Ann Landers because her husband has stopped drinking and his "self-righteousness is driving her crazy" and she can't understand why he has to keep going to those meetings, it's a pretty good sign she was happier when he was drinking and she was "putting up with him."

Now that he's sober she has nothing to talk about, no one is telling her how marvelous she is (in fact, now HE is the marvelous one) and losing the spotlight is more than she can stand.

I can guarantee you that if this woman divorces the "dry drunk" she'll marry another alcoholic within a year. — SPADES ARE SPADES.

-:-

Dear Spades: I've read stacks of literature on the personality characteristics of people who marry alcoholics and the authorities concur with your analysis.

There is much truth in your last statement. Surveys show that the majority of women who divorce an alcoholic remarry another alcoholic promptly.

Unfair Advantage

Dear Ann: I do babysitting for four or five families. They all pay the same and are pretty nice people. The problem is that one certain woman canceled me out twice in the last three weeks. Both times she had engaged me several days in advance and I turned down other jobs.

Recently she canceled on the morning of the night I was supposed to sit for her.

I don't think this is fair because I turned down two other jobs, yet I don't know what IS fair. Do you feel this woman should have paid me anyway? Please advise. — HIGH AND DRY.

-:-

Dear H and D: In my opinion, a sitter should receive at least 48 hours notice of cancellation or be paid half the usual night's compensation. This understanding should be discussed and agreed upon when the girl accepts her first job with new people.

For girls such as you—girls who already are working and have no such understanding—I suggest that you have a talk with your employers and get such an agreement.

A Good Question

Dear Ann: This may sound like a stupid question but I need your answer. How often do you think a 17-year-old girl should be allowed to date? — A 17-YEAR-OLD GIRL.

-:-

Dear Girl: Before I answer the question I need a little information. These may sound like stupid questions but . . .

What kind of grades is the 17-year old girl getting? Does she do her share of work around the house? Is the girl honest and reliable? Do her parents know with whom she is going, where she is going and when to expect her home? Does she honor her curfew — or does she try to sneak in late and make some excuse if she's caught?

If you will answer my questions I will answer yours.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Hints *from* Heloise

— By Heloise Cruse —

DEAR HELOISE: I hope the folks who have those insulated metal ice buckets don't just save them for ice alone. They're wonderful for keeping food hot for hours.

ELIABETH MAYFIELD

Elizabeth, you are exactly right. I've been using mine for that and it works beautifully.

Another thing, if you have company, or a big family, you usually need all those burners on your stove. So to hold something hot for awhile — usually it only takes about 30 minutes to finish the dinner — plunk it in that metal ice bucket. It will stay hot.

It's "fantabulous" to keep things hot that you make ahead of time. This includes gravy, vegetables, cornbread, soup, etc.

So don't leave them on the shelf and only use them when you need ice. When you're having a bunch of company and only one coffee pot, make some extra coffee ahead and use that buck-buck-bucket. It's great.

HELOISE.

DEAR HELOISE: To add color to your den, cover some of your books with cloth.

Save perks up old books you love but which are an eyesore because of their tattered covers.

WALLACE READER.

DEAR HELOISE: I crush a piece of aluminum foil, smooth it out a little and put it in a skillet. I put my breakfast rolls or any bread I care to warm on the foil, put a lid on and turn the fire on low.

Do they ever come out piping hot! Saves on gas and keeps me from washing a pan. Anything to save time and money.

AN.

DEAR HELOISE: If you yank out an old bureau drawer and out comes knob and screw, you've yanked once too often. The hole is probably stripped and too big to hold the screw.

I had this problem and this is what I did: I put part of an ordinary wooden toothpick in the hole and screwed the knob in. It now holds!

When the hole is so large that a toothpick won't hold the screw, I use a wooden match stem.

LILLIAN MATHIE.

LETTER OF LAUGHTER

DEAR HELOISE: You are responsible for getting me into the marriage game! After one month of dating, one day my precious handed me a little gift that turned out to be one of your books on household hints! It was then I knew he was serious.

After all a fellow who thinks about making your housework easier before he even proposes has to be the catch of all times!

So, a year later the three of us (my honey, your book and I) were happily married!

GINI.

-:-

Hon, kiss your precious for me and I hope the three of you will always be happy.

HELOISE.

DEAR HELOISE: Try grinding meat and Irish potatoes together. Mold into thin patties and cook in a small bit of oil or butter. Brown on both sides and serve as a one-dish meal.

Sure good!

KATHRYN GEROULD.

DEAR HELOISE: An inexpensive and effective earring holder is the rim of a glass.

I used small cheese spread glasses to hold both clip and screw earrings. But, of course, the larger the circumference of the glass the more earrings it will hold.

NAN BRACKER.

DEAR HELOISE: To patch some holes in my little girl's blanket sleeper, I purchased a felt square for 25 cents and traced animal designs on it. Then I cut them out and sewed the designs over the worn places with a decorative zig-zag stitch.

Now her sleeper is more attractive than when new.

Junior Editors Quiz on IGLOOS

QUESTION: In what kind of houses do the Eskimos live?

★ ★ ★

AANSWER: In the trading posts of the Northwest Territories, Eskimos live in small wooden houses. But in the central Canadian Arctic, where there is a lack of other materials, they usually build igloos out of snow blocks. (1). With bone knives, Eskimos slice blocks of closely packed snow and lay these on edge in a spiral, winding up and sloping inward. A single key block is fitted on top. Inside, a sleeping platform of packed snow, with skins on top, acts as a bed. These houses are warmed with seal and whale oil, burned in lamps of stone or pottery, over which the cooking is done. Such snow igloos are winter dwellings. Some families build them in communities near the sea where fish and seals can be caught. In summer, the families separate, many striking inland to follow the caribou, which give them valuable hide and fur as well as meat. On these journeys they live in skin tents, some as in (2), others shaped like an Indian teepee. Where it is possible to obtain driftwood or flat stones, Eskimos will build winter houses of sod piled over an inner structure (3).

Today In History

Today is Wednesday, Feb. 28, the 59th day of 1968. There are 307 days left in the year.

Today's highlight in history:

On this date in 1942, during the Pacific war, the Japanese invaded Java, the last Allied bastion in the Dutch East Indies.

On this date:

In 1483, the Italian painter, Raphael, was born.

In 1808, French forces captured Barcelona, Spain.

In 1827, a charter was granted for the Baltimore and Ohio Railroad.

In 1844, U.S. Secretary of State Abel P. Upshur and Secretary of the Navy Thomas W. Gilmer and three others were killed when a gun exploded on a Navy ship during an excursion down the Potomac River.

In 1933, a Nazi decree suppressed civil liberties in Germany.

In 1952, Vincent Massey was sworn in as the first native-born governor-general of Canada.

Ten years ago—A school bus plunged into a river near Prestonsburg, Ky., drowning 27 children and the driver.

Five years ago — President John F. Kennedy sent Congress a civil rights message saying Negroes still were victims of racial discrimination, 100 years after the Emancipation Proclamation.

One year ago—President Johnson asked Congress for funds to develop a nuclear-powered rocket engine.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I've worked with the public for many years and have seen a good deal of tragedy which has resulted from alcoholism. It's clear to me that many wives of alcoholics have personality needs which are fulfilled by their husbands' excessive drinking.

Such women (1) want to be martyrs, (2) need to be sure of their "special place in heaven," (3) must have something to complain about.

The woman who signed herself "Mystified" sounds as if she fits into all three of the aforementioned categories.

When a wife writes to Ann Landers because her husband has stopped drinking and his "self-righteousness is driving her crazy" and she can't understand why he has to keep going to those meetings, it's a pretty good sign she was happier when he was drinking and she was "putting up with him."

Now that he's sober she has nothing to talk about, no one is telling her how marvelous she is (in fact, now HE is the marvelous one) and losing the spotlight is more than she can stand.

I can guarantee you that if this woman divorces the "dry drunk" she'll marry another alcoholic within a year. — SPADES ARE SPADES.

-:-

Dear Spades: I've read stacks of literature on the personality characteristics of people who marry alcoholics and the authorities concur with your analysis.

There is much truth in your last statement. Surveys show that the majority of women who divorce an alcoholic remarry another alcoholic promptly.

Unfair Advantage

Dear Ann: I do babysitting for four or five families. They all pay the same and are pretty nice people. The problem is that one certain woman canceled me out twice in the last three weeks. Both times she had engaged me several days in advance and I turned down other jobs.

Recently she canceled on the morning of the night I was supposed to sit for her.

I don't think this is fair because I turned down two other jobs, yet I don't know what IS fair. Do you feel this woman should have paid me anyway? Please advise. — HIGH AND DRY.

-:-

Dear H and D: In my opinion, a sitter should receive at least 48 hours notice of cancellation or be paid half the usual night's compensation. This understanding should be discussed and agreed upon when the girl accepts her first job with new people.

For girls such as you—girls who already are working and have no such understanding—I suggest that you have a talk with your employers and get such an agreement.

A Good Question

Dear Ann: This may sound like a stupid question but I need your answer. How often do you think a 17-year-old girl should be allowed to date? — A 17-YEAR-OLD GIRL.

-:-

Dear Girl: Before I answer the question I need a little information. These may sound like stupid questions but . . .

What kind of grades is the 17-year old girl getting? Does she do her share of work around the house? Is the girl honest and reliable? Do her parents know with whom she is going, where she is going and when to expect her home? Does she honor her curfew — or does she try to sneak in late and make some excuse if she's caught?

If you will answer my questions I will answer yours.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

LONDON (AP) — Doretta Morrow, American singing actress who played leading roles in the New York productions of "The King and I" and "Kismet," died of cancer today in London's Middlesex Hospital. She was 41.

She came to London with "Kismet" in 1955, toured the United States in the name role of "Fanny" and returned here to marry.

In 1952 Miss Morrow starred with the late Mario Lanza in the Hollywood movie, "Because You're Mine," the first musical to be chosen for Britain's annual royal charity movie show.

Hints *from* Heloise

— By Heloise Cruse —

DEAR HELOISE: I hope the folks who have those insulated metal ice buckets don't just save them for ice alone. They're wonderful for keeping food hot for hours.

ELIABETH MAYFIELD

Elizabeth, you are exactly right. I've been using mine for that and it works beautifully.

Another thing, if you have company, or a big family, you usually need all those burners on your stove. So to hold something hot for awhile — usually it only takes about 30 minutes to finish the dinner — plunk it in that metal ice bucket. It will stay hot.

It's "fantabulous" to keep things hot that you make ahead of time. This includes gravy, vegetables, cornbread, soup, etc.

So don't leave them on the shelf and only use them when you need ice. When you're having a bunch of company and only one coffee pot, make some extra coffee ahead and use that buck-buck-bucket. It's great.

HELOISE.

DEAR HELOISE: To add color to your den, cover some of your books with cloth.

Sure perks up old books you love but which are an eyesore because of their tattered covers.

WALLACE READER.

DEAR HELOISE: I crush a piece of aluminum foil, smooth it out a little and put it in a skillet. I put my breakfast rolls or any bread I care to warm on the foil, put a lid on and turn the fire on low.

Do they ever come out piping hot! Saves on gas and keeps me from washing a pan. Anything to save time and money.

AN.

DEAR HELOISE: If you yank out an old bureau drawer and out comes knob and screw, you've yanked once too often. The hole is probably stripped and too big to hold the screw.

I had this problem and this is what I did: I put part of an ordinary wooden toothpick in the hole and screwed the knob in. It now holds!

When the hole is so large that a toothpick won't hold the screw, I use a wooden match stem.

LILLIAN MATHIE.

LETTER OF LAUGHTER

DEAR HELOISE: You are responsible for getting me into the marriage game! After one month of dating, one day my precious handed me a little gift that turned out to be one of your books on household hints! It was then I knew he was serious.

After all a fellow who thinks about making your housework easier before he even proposes has to be the catch of all times!

So, a year later the three of us (my honey, your book and I) were happily married!

GINI.

-:-

Hon, kiss your precious for me and I hope the three of you will always be happy.

HELOISE.

DEAR HELOISE: Try grinding meat and Irish potatoes together. Mold into thin patties and cook in a small bit of oil or butter. Brown on both sides and serve as a one-dish meal.

Sure good!

KATHRYN GEROULD.

DEAR HELOISE: An inexpensive and effective earring holder is the rim of a glass.

I used small cheese spread glasses to hold both clip and screw earrings. But, of course, the larger the circumference of the glass the more earrings it will hold.

NAN BRACKER.

DEAR HELOISE: To patch some holes in my little girl's blanket sleeper, I purchased a felt square for 25 cents and traced animal designs on it. Then I cut them out and sewed the designs over the worn places with a decorative zig-zag stitch.

Now her sleeper is more attractive than when new.

BUDGET STRETCHER.

For a dollar, will you cut it out?

Cut out the coupon and send us any 10 Sugardale Cold Cut labels. And we'll send you a dollar.

All right. All right. I cut it out:
And here are 10 labels from any of 44 Sugardale Cold Cuts (clip the label from any package as shown).
Where's my dollar?
